The Doldrums Nicholas Gannon,2015-09-29 "A dreamy charmer of a book, full of clever wordplay that practically demands it be read out loud."—New York Times Have you ever wanted to hold a little piece of the impossible? Lavishly illustrated in full color, *The Doldrums* is an extraordinary debut about friendship, imagination, and the yearning for adventure from author-artist Nicholas Gannon. A modern classic in the making, *The Doldrums* is for readers of inventive and timeless authors such as Brian Selznick and Lemony Snicket. Archer B. Helmsley wants an adventure. No, he needs an adventure. His grandparents were famous explorers . . . until they got stuck on an iceberg. Now Archer's mother barely lets him out of the house. As if that would stop a true Helmsley. Archer enlists Adelaide—the girl who, according to rumor, lost her leg to a crocodile—and Oliver—the boy next door—to help him rescue his grandparents. *The Doldrums* whisks us off on an adventure full of sly humor, incredible detail, and enormous heart. With approximately twenty pieces of breathtaking full-color artwork, as well as black-and-white spot illustrations, and gorgeous, literary writing, Nicholas Gannon proves himself to be a distinctive new voice with his middle grade debut. Be in it for the limitless imagination. For the characters who capture your heart. For the rich world you'll want to settle into. But most of all, be in it for the friendship. That, after all, is the true adventure.

In the River Darkness Marlene R÷der,2014-01-01 Mia arrives at a small town by the river, carrying a secret. Her new

neighbors, the Stonebrooks, immediately draw her interest. Soon, she meets brothers Alex and Jay. Mia is attracted to Alex, the older handsome brother. They begin dating, but Mia remains guarded, hiding behind an invisible barrier. She also befriends Jay, the gentle dreamer, who spends most of his time at the river, with his mysterious friend, Alina. As the three teens spend more and more time together, strange things start to happen. This brilliantly crafted story, told from the alternating perspectives of Mia, Alex, and Jay, creates a web of secrets. And secrets buried deep below the dark surface are the hardest to uncover.

The Last Children of Schevenborn Gudrun Pausewang,Norman M. Watt,1988-01-01

The Colombo Bay Richard Pollak,2013-09-10 In the face of killer storms, fires, piracy, and terrorism, container ships the length of city blocks and more than a dozen stories high carry 90 percent of the worlds trade. This is an account of one ship's voyage and of the sailors who daily risk their lives to deliver six million containers a year to United States ports alone. Inside these twenty-foot and forty-foot steel boxes are the thousands of imports -- from chinos and Game Boys to garlic and frozen shrimp -- without which North America's consumer society would collapse. To explore this little-known and dangerous universe of modern seafaring, Richard Pollak joined the Colombo Bay in Hong Kong and over the next five weeks sailed with her and her 3,500 containers across the South China Sea, the Indian Ocean, the Mediterranean, and the Atlantic. En route, this mammoth vessel called at Singapore and Colombo, passed through the Suez Canal (toll: \$250,000), then put in at Malta and Halifax before tangling with Hurricane Karen on the two-day run to New York. Here is the story of the ship's unheralded twenty-four-man company; of the unflappable British captain, Peter Davies, a veteran of four decades at sea; of Federico Castrojas, who like the rest of the hard-working Filipino crew must daily confront the loneliness of being away from his

family for nine months at a stretch; of Simon Westall, the twenty-one-year-old third mate, who reveals what it is like to be gay in the broad-shouldered world of the merchant service. It is a world where pirates in the Malacca Strait sneak up behind ships at night in fast power boats, then clamber aboard and either rob the unarmed sailors at gunpoint and escape into the dark or throw the crew into the sea and hijack the ship, plundering her cargo and sometimes repainting her and setting out to do business under another name and flag. It is a world where families desperate to get to the United States or Europe pay thousands of dollars to the Chinese Snakeheads and other criminal gangs, who secrete these wretched migrants in stifling containers; after a week or more at sea these stowaways arrive in the Promised Land either starving or dead. Pollak sailed on September 13, 2001, into a changed world, on one of 7,000 container ships whose millions of uninspected boxes suddenly had become potential Trojan horses in which terrorists could transport weapons of mass destruction into the heart of the United States. Throughout his riveting narrative, Pollak interweaves the insights of Herman Melville and Joseph Conrad, whose masterful portrayals of seafaring make the voyage of the Colombo Bay a dramatic reminder of what a hard and rarely reported life merchant seamen have always led out on the unhooped oceans of this planet.
