**Suzanne White**

The Chinese Astrology Bible Derek Walters,2009 Written by a leading authority on the history and practice of Chinese astrology, this comprehensive new entry in the continuing Bible series brings together all the basics on this ancient form of divination. Filled with color photographs and beautiful illustrations, it covers everything from the 12 animals of the zodiac to calculating your sign to creating a detailed analysis of your chart based on the exact time of your birth. There's also advice on developing your horoscope further, as well as using Chinese astrology in conjunction with Eastern medicine and feng shui.

**The Definitive Book of Chinese Astrology** Shelly Wu,2010-01-21 This is the only Chinese astrology book you'll ever need! You may be familiar with the Chinese birth-year animals, but did you know you actually have four of them? Each year, each month, each day, and each two-hour period of the day is distinct and denoted by a particular animal sign (branch) and one of the five elements (stems). In *The Definitive Book of Chinese Astrology*, you will learn how to forecast your love- and life-cycles; understand the indicators of health, wealth, and happiness in your chart; and identify balances and cures. You will also discover Zi Wei Dou Shu, the best-kept astrological secret for millennia and formerly accessible only to royalty. The most accurate and profound divination tool ever discovered—a sort of Dewey decimal system of the universe—this system of astrology will help you identify your inborn capabilities, achievement potential, and life path. Finally, you will learn about the Eastern astrological subspecialties, including the I-Ching, feng shui, 9 Star Ki, and Chinese palmistry. The included interactive CD-Rom makes it easy to create Chinese astrological charts for yourself, your friends, and family members. \*The CD contains 1391 KB of information in total so it is not blank. If the customer's operating system is not any of the following (Windows 7, 98se, 2000, XP, or Vista), he or she will not be able to install the program and hence will not be able to view the instructional text.

**Chinese Astrology and Fortune Telling** U.C. Mahajan,2009-09-03 The Yi Jing, I Ching, or Book of Change or Fortune Telling, is an ancient Chinese oracle that has been consulted in times of trouble for thousands of years. It was used as a guide and source of wisdom by the emperors, helping them decide the difficult issues of statecraft; and later on by Sages and Philosophers. It was both a source and repository of philosophical insight for the Chinese, even as a part of Chinese Astrology or Zi Wei Dou Shu. Both of the major Chinese philosophical traditions, Taoist and Confucians alike, have contributed to its development. A few centuries ago, it became popular among the mass and its popularity is growing fast in many countries. Future is always dark and unknown, and man has always been eager to know the future beforehand. ~Chinese Astrology and Fortune Telling™ is a great and unique way of knowing and predicting future. This book fulfills the need and demand. It will make simple: both the subject and knowledge of the future, that look complex and uncommon.

**Chinese Astrology** Chung Li,2022-04-26 This introductory guide reveals the ancient philosophical and spiritual wisdom

of the Chinese Zodiac. One of the oldest forms of spiritual wisdom, Chinese astrology remains one of the most popular and powerful zodiac systems. Following a twelve-part cycle of years represented by different animals, the system is further divided by month, day, and hour of birth—revealing one’s inner, true, and secret animals. Focusing more on the person than on events, it offers more philosophical and introspective insights than its western counterpart. This introductory guide covers the basic concepts and principles of Chinese astrology, as well as its history and origins. It also features detailed synopses of personality traits associated with each sign, as well as traditional Chinese artwork.

**Chinese Astrology** Kay Tom,2023-11-08 People may be familiar with the celebrations around Chinese New Year (usually towards the end of January or beginning of February) and how the year is devoted to a particular animal. As with the more commonly known form of astrology, there are 12 signs (such as the ox, the rabbit, the dragon and the tiger), but these signs are also combined with a 60-year calendar and the five elements of metal, wood, water, fire and earth to form a fascinating and unique system that gives insight into people's characters and considers how they will be affected during different years of the calendar's cycle. Drawing on the principles of yin and yang and the Chinese philosophical theory of the three harmonies, this fascinating work is a wonderful introduction to the subject.
