## Hadena James

**Dark Resurrections** Hadena James,2015-02-13 Someone has set about resurrecting the souls of the Four Horsemen. Each Horsemen is known for their hatred of Humanity and willingness to do anything to eradicate the breed. Their plan is to use infants as the vessels for the resurrected. With three pregnant women in her family due any day, Brenna Strachan must find out how they intend to use the infants for the resurrections. As well as discover exactly who is behind this heinous act. Her adversaries are doing what they can to keep her off their scent, even attacking cities using mythics to keep her busy. Can Brenna find out who it is and stop them before her own family becomes their prey?

*Dark Illumination* Hadena James,2012-11-20 Brenna Strachan's entire life is ahead of her. And it's a long life, since she has joined the ranks of the immortal. She's returned to work as well and one of her first cases a rogue Witch, bent on destroying everything in their way, including her. Now, she must turn to her family and friends for help. **Tortured Dreams** Hadena James,2013-02-22 When the US Marshals Serial Crimes Tracking Unit comes knocking at Aislinn Cain's door, she is given a chance to use her past to save other people's futures. She has survived attacks by two different serial killers and devoted her life to studying the darker side of human history. A new killer is using medieval torture methods to slay his victims. She can give them a glimpse into his twisted world, but not without a cost. If she opens herself, she risks falling into the depths of her own darkness. Can she afford to help, knowing that the cost could be her own humanity?

*Battered Dreams* Hadena James,2015-06-01 San Marcos, Texas. A picture perfect American landscape. Communities dominated by Friday Night Football, modest homes, and happy families. Until the serenity of small town life is broken by one family's discovery of bodies in an abandoned well. Local police try to keep the discovery quiet; they seldom deal with murder and aren't prepared when one of the bodies turns out to be a local high school boy. The multiple murders drive home the sinister reality that they are no longer innocent of the crimes that plague large cities. Based on the skill involved, the Serial

Crimes Tracking Unit realizes that this is not the killer's first time. As the SCTU digs deep to discover the killer, they uncover more victims. Anger and fear begin to cause panic in what was once a quiet community. Aislinn Cain and the members of her team need to find the killer before the town implodes with terror and the citizens begin doling out their own brand of justice.

**Dark Cotillion** Hadena James,2012-08-31 Brenna Strachan is getting ready to turn 30. For a demon, this is the time of maturing. She'll gain all her demon powers and have eternity to learn to use them. But maturing has a drawback, for the next month, she's mortal. Prophecy says she'll become one of the most powerful beings on Earth. There's a long list of beings who fear and loathe the power that Brenna might gain and are willing to take advantage of her status as a mortal. However, when one of her own family members is involved in plotting her death, it's becomes about more than just survival.

Explosive Dreams Hadena James,2015-02-13 A bomber is terrorizing county fairs and one of the SCTU will fall Bright midways, rides with loud music and flashing lights, barkers trying to get people to spend money on rigged games; the normal sounds of county fairs everywhere until an explosion rips through the tinny music of the carnival rides. Now the screams are not squeals of delight but the terrified shrieks of the dying. The danger is no longer imaginary, something to shrug off when the ride is over. A killer is studying each fair, looking for that special ride that will rain down the most horror. The bombs he sets brings complete destruction. They leave a dirty field covered in broken bodies and crumpled machinery. The Serial Crimes Tracking Unit has their hands full searching for his next target and sifting through bodies. Aislinn Cain is having trouble getting into the mindset of the bomber. Her failure to relate makes the body count climb. Then the unimaginable, a member of the SCTU gets cut down. How far will Aislinn go to get justice for her fallen friend and catch the killer?

*Cannibal Dreams* Hadena James,2015-02-13 Some family trees need trimming. When pairs of feet start turning up in Columbia, Missouri, it becomes apparent that a serial killer is prowling the streets. However, the feet are not giving away many secrets and without bodies, it is impossible to identify the victims. The investigation stalls and the killer is free to slaughter as many victims as he can find. When Aislinn Cain and the SCTU shows up, Aislinn realizes that this isn't a new serial killer. He's terrorized her hometown before. Her father worked the case the first time with only an exotic bite mark as a clue. Now, Aislinn will start the manhunt of her life as she becomes determined to catch the monster that eluded her father. As she sinks further into the hunt, she'll uncover a horrifying past that proves skeletons should stay locked in closets.

Summoned Dreams Hadena James,2015-02-15 The most violent city in the United States doesn't normally garner much attention from the SCTU. Victims are easy to find on the destitute streets and dark alleys. They are even easier to prey upon as they desperately cling to hope. Their bodies are easy to hide in the abandoned houses and buildings that litter Detroit. In a city turning into a ghost town, serial killers stalk the trapped residents with hellish delight. One killer gains national attention, even among the most vile and violent Detroit has to offer. He isn't just killing his victims, he's burning their bodies and the buildings they are in with impunity. He does not hunt in the shadows, but takes his victims during the cold light of

day. He's methodical, calculating, and leaves no clues for the police to follow. Leads are so few and the kills so brazen, that Aislinn Cain and the SCTU pack their bags and head for the grim streets of Detroit. It is in this desolate waste of a city, that they will face their most depraved and deceptive serial killer yet.

**Mercurial Dreams** Haden James, 2015-02-13 Aislinn Cain and the Serial Crimes Tracking Unit are being sent to the hottest place in North America to investigate mummified remains that were found in Death Valley. When Xavier Reece uncovers elemental mercury in the heart of one of the mummies, they discover there is more than Mother Nature at work. The victims have matching injuries, but only one of the bodies reveals the liquid metal, raising questions about how many killers are using the valley as a dumping ground. The team will have to use extraordinary means to connect all the victims to a single killer. However, with most of the victims unidentifiable due to the condition of the remains, their usual procedures of investigation are impossible. With 32 bodies already found, how high will the body count rise before Aislinn Cain and the SCTU can capture this killer?

**Tales to Read Before the End of the World** Haden James, 2012 This is a collection of short stories exploring the absurd. Most of the short stories contained within this book revolve around central themes. Everything Changes is about the vanity of the human condition. Faking It takes aim at the absurdity of modern society. And Beale Street Blues explores the breakdown of communication within a relationship. These three themes are continuously prodded while the reader attempts to understand them. The exceptions are Ascension and The Worst Date Ever. Ascension is a piece of historical fiction, based in Ancient Egypt. And while it doesn't explore the absurdity of modern society, it does exploit some of the absurd notions of even our greatest ancient civilizations. The Worst Date Ever takes everything terrifying and horrendous about the world of dating and combines them into a comedy of errors.

**Elysium Dreams** Haden James, 2013-11-12 He skins his victims alive, taking pleasure from their pain. In the cold, dark nights of Alaska, a hunter is stalking his prey. Once found, he takes them into the woods and skins them alive, prolonging the experience as much as he can, but the satisfaction always wanes. Aislinn Cain and the Serial Crimes Tracking Unit have just finished up another case when they get the call. Now they are packing their bags and heading for Alaska in March. The team must overcome the hostile locals and harsh climate to catch a killer before he steals the life of another woman.

**Dysfunctional Dreams** Haden James, 2020-07-17 Aislinn Cain and the rest of the SCTU have just finished a case in Colorado when they are rushed back to Kansas City to deal with a problem close to home. The person that has been trying quite pathetically to kill Nadine Daniels for the last few years has turned to killing her clients. The newspapers dub him the Family Annihilator because he is killing entire households protected by Daniels' Security. As Nadine's files are trucked to the SCTU headquarters to be sifted through, it quickly becomes apparent that Nadine has more enemies than even Aislinn Cain. Aislinn struggles to get into the mind of abusive domestic partners. Most are insecure narcissists not psychopaths or

sociopaths unlike the serial killers they normally chase. Also, as is the case whenever Nadine Daniels is involved in something it is more complex and complicated than it appears on the surface. Daniels' Security has been in business more than fifteen years and they have had a lot of cases both on the books and off. Not to mention it is impossible for Nadine's private life and business life to not overlap and Aislinn finds her private life and law enforcement life overlapping as a result. Aislinn worries all these distractions will result in the killer getting away or worse, completing their objective - Kill Nadine Daniels.

**Demonic Dreams** Haden James, 2018-04-17 Aislinn Cain wakes up on a cold concrete floor having been drugged and kidnapped by serial killer Raphael Henders. Despite the chaos, she has a few questions; is Gabriel still alive? If so, for how long? And where exactly is she? As the answers start to reveal themselves, Aislinn comes to the realization that Raphael Henders is unlike any serial killer she has ever faced before. Not only is he brilliant, cunning, sadistic, and brutal, he is part of the organized ring of serial killers that the SCTU has been trying to eliminate. More importantly, he is just one step removed from the leader of the organization and he has answers that Aislinn needs to put her past behind her. To survive and get what she needs, Aislinn will have to play Raphael's game. Death is not an option, pitting Aislinn's own desire to survive against her need to figure out who exactly was behind the murder of Aislinn's father and sister all those years ago.

*Nutritional Care of Preterm Infants* B. Koletzko, B. Poindexter, R. Uauy, 2014-04-11 Improved conditions of care for premature infants have led to markedly increased survival rates over the last few decades, particularly in very low and extremely low birth weight infants. Nutritional measures play a central role in the long-term outcome, health and quality of life of these premature infants. In this publication, leading experts from all 5 continents present the most recent evidence and critical analyses of nutrient requirements and the practice of nutritional care (with the focus on very low birth weight infants) to provide guidance for clinical application. After the introductory chapters, covering nutritional needs and research evidence in a more general manner, topics such as amino acids and proteins, lipids, microminerals and vitamins, parenteral and enteral nutrition as well as approaches to various disease conditions are addressed. Due to its focus on critical appraisals and recommendations, this book is of interest not only for the researcher who wants to keep up to date, but also for the clinician faced with premature infants in his practice.

*The Potato Crop* Hugo Campos, Oscar Ortiz, 2019-12-03 This book is open access under a CC BY 4.0 license. This book provides a fresh, updated and science-based perspective on the current status and prospects of the diverse array of topics related to the potato, and was written by distinguished scientists with hands-on global experience in research aspects related to potato. The potato is the third most important global food crop in terms of consumption. Being the only vegetatively propagated species among the world's main five staple crops creates both issues and opportunities for the potato: on the one hand, this constrains the speed of its geographic expansion and its options for international commercialization and distribution when compared with commodity crops such as maize, wheat or rice. On the other, it provides an effective

insulation against speculation and unforeseen spikes in commodity prices, since the potato does not represent a good traded on global markets. These two factors highlight the underappreciated and underrated role of the potato as a dependable nutrition security crop, one that can mitigate turmoil in world food supply and demand and political instability in some developing countries. Increasingly, the global role of the potato has expanded from a profitable crop in developing countries to a crop providing income and nutrition security in developing ones. This book will appeal to academics and students of crop sciences, but also policy makers and other stakeholders involved in the potato and its contribution to humankind's food security.

*Anonymous Dreams* Hadena James, 2020-01-19 Snuff films are a myth. Everyone knows that. When a serial killer begins rampaging through Kansas City, Missouri, the press dubs him The Lady Burner, because after he kills his victims, he sets their bodies on fire and burns down their houses. The SCTU knows that the fires are just a forensic counter measure. He's covering his tracks; he rapes and strangles these women while filming it. He offers the videos up for sale on the dark web, forcing Aislinn Cain and the SCTU to track a killer through the sleazy digital marketplaces where someone can buy anything if they have enough money. However, once inside the marketplaces, Aislinn realizes it's not just a case of tracking down the person selling the videos. There's an infrastructure in place that insulates the video maker, the seller, the distributor, and the buyers. Ensuring everything on the dark web, even the makers of snuff films, are anonymous

*Oh My Wizard* Hadena James, 2019-09-30 Soleil Burns was born to be an exorcist. Since meeting Valerie and Jerome Dusdain, the previous summer, her life has been chaos, good chaos, but chaos. Soleil has started her own private exorcism company, in preparation of becoming the guardian of the most powerful wizard in the world, who also happens to be only fourteen years old. With Valerie's cancer getting worse and the archangel Michael's dire warnings regarding her impending death, the possibility of becoming Jerome's guardians is now more of an eventuality. While helping Jerome with his homework, Soleil notices her normally energetic werewolf neighbors aren't up and around like usual. Then she notices they have a package on their doorstep, which is strange since it's a Sunday. When she goes to check on them, she finds the house full of silver particles and the five werewolves barely clinging to life. Soon, she finds herself chasing a serial killer. A serial killer who knows her every move. She must stop him before anymore supernatural families are murdered. How do you stop a killer who knows what you intend to do nearly as soon as you decide to do it? How much of her soul will he take before he's safely in handcuffs? Soleil Burns finds out early on you can't chase a serial killer and not have it change you.

*The Hour of the Oxrun Dead* Charles L. Grant, 2018-02-08 WELCOME TO OXRUN STATION Oxrun station could be a spooky place, especially out by the Windsors', right next to the graveyard. At night Natalie heard eerie sounds out in the fog, among the tombstones, unnatural sounds made by unearthly things. Natalie's husband had been born in Oxrun Station. He loved the town, and served it well—and in return it killed him. Ben's death had left Natalie isolated in a strange town she

could not call her own. How strange and how deadly Oxrun Station could be, Natalie Windsor was about to learn. Once each year an ancient ritual was recreated, an ancient pact reinvoked—and Natalie Windsor was this year's sacrifice.

**Competitive Dreams** Haden James, 2021-11-22 With the murder of the serial killer known as The Ghost Maker, the serial killer club he ran became dormant. Now, someone calling themselves Mictlan the Collector has taken control of the defunct club. He's arranged a competition for a select group of members. The serial killer with the most points at the end will win a million dollars in cryptocurrency, and he's chosen Kansas City as the hunting grounds. Fearing this could happen after The Ghost Maker's death, the NSA had an operative infiltrate the nefarious club. The operative gives the SCTU advanced warning of the competition. To stop it, Aislinn Cain and the SCTU must identify and capture Mictlan the Collector before the first day. Identifying and capturing a serial killer is never easy and Mictlan complicates the issue by requiring competitors to take a victim to gain admittance. The competitors have less than one week to complete the entrance task, which divides the resources of the SCTU between trying to identify Mictlan the Collector and identifying the serial killers participating in the competition. For a chance at a million dollars in cryptocurrency, serial killers will travel far and wide to participate. With visiting serial killers comes new signature methods requiring the SCTU to reach out to their law enforcement contacts all over the world to at least attempt to find their place of origin and gain any files on them that might exist. The situation is dire enough that the CIA activates their own special black books operation referred to as The Home Defense Program, forcing the SCTU to coordinate with the CIA as well as local law enforcement. Finally, as the start date of the competition gets nearer, panicked politicians want to enact martial law for the Kansas City Metro area. Convinced that martial law will result in more deaths than the competition, the SCTU is racing against the ticking clock, fighting their limited manpower, and extreme panic to save their home city from becoming a grisly battlefield.
