Waste-Site Stories Brian Neville,Johanne Villeneuve,2012-02-01 Ours is a wasteful society, consumed with care for its remains, according to the contributors of Waste-Site Stories. Here scholars from around the world probe current notions of waste and the ways in which remains of different kinds recover value in the act of recollection and recycling. In the wake of destructive experiences that continue to trouble memory, there is something compelling about today's theoretical and artistic interest in waste and recycling. The two terms provide a purchase on changing conditions of cultural memory, on technological development and its sometimes toxic ecological and social fallout, and on the legacy of personal and historical trauma. They suggest new resources for the stories of our engagement with the things of the past and the sites where traces of history survive.

In Search of the Hidden Moon Tim Eichenbrenner,2024-12-03 The depravity of human trafficking meets Jesus's message in the parable of the lost sheep in In Search of the Hidden Moon. Gil Sullivan, a young physician happily ensconced in his medical practice in a sleepy North Carolina town, rushes to the scene of an explosion to provide emergency care to a dying man. The man's puzzling request to find missing children in Peru creates a dilemma for Gil: Should he stay in his secure, settled life or honor the man's end-of-life wish? With the support of his friends and his reliance on faith, Gil travels to Peru to meet the mother of one of the lost children. There, he enlists the help of an elite group of retired special ops soldiers to rescue the kidnapped victims. Gil's quest puts him on the trail of the last lost child, Luna, whose trafficker takes her to the

United States. Can he keep his promise to Luna's desperate mother when he's up against an international human trafficking ring? Readers will be challenged to answer the question "What would it take to make me drop everything and go in search of a lost soul?" reminding them that, at times, following Biblical lessons can be challenging.

The Missing Person Alix Ohlin, 2006-08-08 When art history grad student Lynn Fleming finds out that Wylie, her younger brother, has disappeared, she reluctantly leaves New York and returns to the dusty Albuquerque of her youth. What she finds when she arrives is more unsettling and frustrating than she could have predicted. Wylie is nowhere to be found, not in the tiny apartment he shares with a grungy band of eco-warriors, or lingering close to his suspiciously well-maintained Caprice. As Wylie continues to evade her, Lynn becomes certain that Angus, one of her brother's environmental cohorts, must know more than he is revealing. What follows is a tale of ecological warfare, bending sensibilities, and familial surprises as Lynn searches for her missing person.

Case Studies in Forensic Anthropology Heather M. Garvin, Natalie R. Langley, 2019-10-16 Through a set of unique case studies written by an international group of practicing forensic anthropologists, *Case Studies in Forensic Anthropology: Bonified Skeletons* prepares students and professionals for the diverse range of cases and challenges they will encounter in the field. Every forensic anthropology case is unique. Practitioners routinely face new challenges and unexpected outcomes. Courses and introductory texts generally address standard or ideal cases. In practice, however, forensic anthropologists must improvise frequently during forensic archaeological recoveries and laboratory analyses based on case circumstances. Most forensic anthropologists have encountered unconventional cases with surprising results. While these cases act as continuing education for practitioners—better preparing them for future encounters—such learning opportunities may be limited by the extent of personal experiences. This text exposes practitioners and students to a diverse array of case examples they may not otherwise encounter, sharing experiential knowledge and contributing to the advancement of the field. *Case Studies in Forensic Anthropology* aims to both prepare aspiring forensic anthropologists and inform current practitioners. The cases are interesting and unique, detailing how specific challenges contribute to the body of forensic anthropological knowledge and practice. Key Features Full-color photographs illustrate the scenes and skeletal features Lessons Learned sections for each case study emphasize take-away points Thought-provoking Discussion Questions encourage readers to think critically and

facilitate group discussions Actual case experiences by diverse array of forensic anthropologists who discuss innovative methods and unique challenges

Caught in a Wave Dominique E. ZseDenny,2012-12-26 Marriage, pregnancy, childbirth, separation, a custody battle with the state, divorce, relationships, family dilemmas, and much more, all in a few years; hectic does not even come close to describing these years, but that is what the poetry is for. Join my mind in its chaotic journey through the last few years that have been anything but boring. Just remember, whereas most of my poetry is based on fact and experience, a select few are merely dreams; your fun is deciphering one from the other.

Someone's Daughter Silvia Pettem,2023-02-01 In 1954, two college students were hiking along a creek outside of Boulder, Colorado, when they stumbled upon the body of a murdered young woman. Who was this woman? What had

happened to her? The initial investigation turned up nothing, and the girl was buried in a local cemetery with a gravestone that read, Jane Doe, April 1954, Age About 20 Years. Decades later, historian Silvia Pettem formed a partnership with law enforcement and forensic experts and set in motion the events that led to Jane Doe's exhumation and eventual identification, as well as the identity of her probable killer. The 2023 paperback edition includes an epilogue with updated information on how the mystery finally was solved.

Blink Samuel E. Stone,2001-04-18 “Blink,” examines the life of a cop from his early adolescent years through his career in Law Enforcement. The action is non-stop for the main character, Sam. Experiencing the pain of death and suffering surrounding him as a teenager causes him to mature at an early age in order to face his own struggle for survival. This is a story of the trauma, the pleasures, and the experiences which shape the emotional and mental essences of a man. It will take the reader across the tracks to the dark side of the world where crime is a way of life as you follow Sam from one case to another. The story spans thirty years in time. It will present the reader with a deeper understanding of Law Enforcement and the cops working their own neighborhood. Cops are people too, just like anyone else. Some are good and some are bad. Some are energetic and some are lazy. Some are honest, and some are not. They make mistakes and rarely have all the answers. Each situation they become involved in is unique and requires a judgement call. There never is a right answer but usually one that works for the time. Each event centers around action and reaction, sometimes resulting in fatal solutions. This story is designed to be entertaining as well as informative. It will leave the reader with a new perspective the next time he sees a police car racing down his streets with the lights and siren blazing.

Captives Diane Hoh, 2013-08-27
Four friends become the prisoners of a crazed killer who decides who will live—and who will die. Molloy, Lynne, Daisy, and Toni are headed for summer school at Salem University, where they'll officially be freshmen in the fall. But their journey takes an unexpected detour when they're stranded by a violent storm. They take refuge at the deserted Nightingale Hall, an off-campus dorm haunted by a tragic past. What the four girls don't know is that someone else has taken shelter there: a psychopath who's on the run after murdering a prominent psychiatrist. The electricity is off. The phones are dead. Someone has locked the doors from the inside and nailed all the windows shut. There's no escape for Molloy and her friends, who are at the mercy of a madman with no intention of letting any of them leave—at least not alive. This ebook features an illustrated biography of Diane Hoh including rare photos and never-before-seen documents from the author's personal collection.
