Benedict Janson

Conversational Hypnosis - a Practical Guide Michael Kiff, Define Success, 2013-06-01 Discover the power of influence, persuasion and mind control with this practical guide to the art of conversational hypnosis. Conversational hypnosis, also commonly known as covert hypnosis, is the art of influencing others by giving them direct subconscious commands to follow, which seem like normal everyday conversation. It is a style of communication that you will use to subtly direct anyone's subconscious mind to take action. When you practice the methods in this book you are going to be using hypnotic language patterns to influence others to take action and do what you want. It is not just what you are saying that is going to compel others to take action; it is a combination of how you say what you are saying. You are going to be learning how to use your voice, posture and body language in order to deliver a hypnotic command in a seemingly normal conversation that will influence the person you are talking to take action. After reading this book, you will master... how to subtly direct anyone's subconscious mind to take action the hypnotic language patterns that easily break down the walls of resistance and implant the desire to complete whatever action it is that you want them to take. how to make others believe that the action you are convincing them to take is a fun, safe and perfectly natural thing to be doing. If you want, they will even believe it was their idea in the first place the basic hypnotic formula, building rapport, psychological devices (hypnotic points), trick phrases, trance states, and other hypnotic tools that all hypnotists must have in their arsenal. and much, much more... With this book, you have all of the tools necessary to successfully persuade almost anyone to do anything. This is the most powerful tool to have at your disposal in order to influence and persuade others. The most powerful persuasion tool is the ability to use conversational hypnosis effectively, because in order to convince anyone to do anything you need to know how to persuade them instantly. This can only be done by bypassing their conscious mind, that will almost always try to contradict what you are saying, and speak directly to their subconscious mind; which is much more open to suggestion. This is the art of conversational hypnosis. What are you waiting for? Check it out for yourself. Scroll up, click the buy button & get started today! About the Author Michael Kiff's slogan is, Tried and true leadership strategies for the price of a coffee. Useful information should be simple, functional, and affordable. Many professionals perpetuate the idea that true success only comes with great difficulty and an exorbitant amount of money; which prevents average people from achieving the prosperity that they deserve. What you need (and what Michael Kiff provides) are step-by-step strategies that are proven to work. Scroll

Covert Hypnosis: How to Master Conversational Hypnosis (Learn How to Hypnotize Anyone Covertly and Indirectly by Simply Talking to Them) Daniel Collazo, 101-01-01 Covert emotional manipulation takes place under the help of conscious awareness of the person who has to be manipulated. The person is considered to be psychologically captive and above all, they never realize what is going to happen. A skilled manipulator is capable of putting a person's sense of self-worth and emotional health into his own hands. Once this is done, the manipulator ensures that the victim's self-esteem reaches the last limit. Do you want to stay aware of the tactics or the signs which helps in the identification of manipulation? Here is a preview of what you'll learn... • Meaning of covert hypnosis • How to go about with conversational hypnosis • Benefits of covert hypnosis • Facts about covert hypnosis • Much, much more! Learning conversational hypnosis is the surefire way to ensure you have control over your own life (instead of falling victim to whatever life throws at you). You see, with conversational hypnosis you can hypnotize people to play by your rules, do what you want, and even feel however you want them to feel. You are in control. At once, when you learn conversational hypnosis, the world becomes your personal playground. You become in charge.

Mastering Conversational Hypnosis: Learn How to Influence and Persuade Someone Easily Without Them Knowing It Cheryl-Ann Blair, 2014-03-07 Are you tired of ineffective debates and not being able to be persuasive? Do you see others who can instantly connect to others and seem to be able to sway opinions their way easily? What if I told you that you could be just as persuasive? You can be. Conversational hypnosis is your gateway to becoming a better communicator, with better persuasive power and the ability to influence. Linguistic principles are used to improve the power of your speech, making people pay attention and listen. Not only will they listen, but you will also find that they are agreeable to what you are suggesting. Make the power of suggestion work for you and learn how to get people to do what you want through influence and persuasion. This book will walk you through how to establish rapport and then how to get people to do what you want, without realizing you are influencing them in any way.

Mastering Conversational Hypnosis: Learn the Principles of Hypnotic Language Patterns Noah-Jay Michael, 2014-07-07

Conversational hypnosis is used by a variety of people to improve their communication skills so when they are communicating, they can clearly get their point across. More importantly, you can use conversational hypnosis to be able to influence and persuade others, improving your chances of hearing a positive response instead of a negative one. If you have already learned the basics of conversational hypnosis but you really want to take your skills to the next level, this is the book you want. This book will go beyond the basics, giving you the tools you need to be a master influencer. Once you understand the principles of hypnotic language, you can begin using hypnotic language patterns to your advantage. What you say is just as important as how you say it. Learn the secrets great speakers already know, the language secrets that will make you a compelling and charismatic speaker, who is able to turn "no responses into "yes responses.

HYPNOTIC CONVERSATIONS - THE SECRET Philip Callaghan, 2017-01-30 Learn the real secret at the heart of compelling communication. Hypnosis seems to belong in a secret realm - a place of mystery and power. The truth: Hypnosis is everywhere. Beyond the myths, secrecy and stagecraft is an extraordinary set of skills for influence and transformation. This book is like no other because Hypnosis is not just for therapists and entertainers. It is truly for everyone. Master this art and you will communicate in a compelling way that is perfectly aligned with your ethics. You'll also be protected against the downside: With these skills, you will be aware of 'sales hypnosis' and media influence - and be able to defend yourself against it. It's time. If you want to expand your world, this is the book you've been waiting for.

The Science of Self-Hypnosis Adam Eason, 2013-11 The Science of Self-Hypnosis: The Evidence Based Way To Hypnotise Yourself is a book written for anyone wanting to learn about self-hypnosis and how to use it. This book is ideal for anyone; ranging from beginners who are new to the field of self-hypnosis, to experienced clinicians hoping to teach patients how to use self-hypnosis for therapeutic gain. Contained within this book are a range of methods for anyone to apply: to achieve a

hypnotic mindset, develop hypnotic skills, induce self-hypnosis, deepen the experience of hypnosis, apply a range of evidence-based techniques and strategies for self-improvement and then exit hypnosis. The book offers a modern historical explanation of the development of this fascinating field as well as serving as a guidebook for practical application. All of this is done by dispensing with notions of an 'unconscious mind' or a 'special trance state', instead showing hypnosis to be an ordinary skill that anyone can learn, to be good at and derive benefit from. As the book title suggests, it adheres to research findings and the evidence-base available as much as possible while offering up a substantial literature review of this topic. The second half of the book looks specifically at applying self-hypnosis for stress management, anxiety reduction, depression, pain control and sleep enhancement; all showcasing techniques which can be applied to a range of other issues too. This is a comprehensive volume that aims to result in it's readers becoming proficient self-hypnotists. Adam ends his book with these words: In my opinion, there are not enough people in the world who have these skills. Self-hypnotists have the opportunity to make real beneficial changes that make each day an exciting prospect; the self-hypnosis adventure and exploration starts here. That indeed is an exciting prospect!

Hypnosis Without Trance James Tripp,2021-04-21 This material has taught me more about hypnosis than my previous 20 years in psychology and 4 years as a practicing Hypnotherapist [and] should be a standard requirement for ANY Hypnotist wanting to bring about real change. If you don't learn this stuff you will be left behind! - Michael Skirving, DNLP, DHyp, LAPHYP Hypnosis: is it actually real? What causes its strange effects? And can everyone easily learn to do it? Since the seminal work of hypnosis pioneer James Braid in the 1840s, the dominant model for understanding hypnosis has been that it is simply a special state (popularly referred to as 'hypnotic trance') that renders people unusually responsive to suggestion. By this model, the practice of hypnosis is simply that of the induction of hypnotic trance, followed by the delivery of suggestions for the desired results. By summer 2008, James Tripp had been working professionally with hypnosis for 6 years. Whilst he had used what he had learned to great effect with his clients (from manual therapy to coaching and changework), it had become increasingly clear that something was amiss with the traditional trance model - instead of his clients responding to suggestion as a result of entering 'trance', they were apparently entering 'trance' as a result of being given suggestions. The cart seemed very much before the horse. This led Tripp to embark on a mission to break down and rebuild hypnosis and suggestion work; to uncover how it really worked and also to see if it could be done more effectively and efficiently. To find a suitable laboratory for his research he stepped out of his hypnotherapy office and onto the streets of London. Across the next year he developed consistent methods for the effective evocation of classic hypnotic phenomena without using trance inductions; simply structuring suggestions and making requests that worked with people's everyday cognitive faculties to create mind-bending results. In 2009 Tripp started demonstrating his work and sharing his ideas via the Hypnosis Without Trance blog. The content was divisive to say the least - while some traditionalists were upset or angered by the assertions, many others were liberated and empowered by the material. Hypnosis Without Trance has blown my mind and completely changed my thoughts on how hypnosis works with my clients - it's clicked together a lot of gaps that my traditional learning

couldn't explain... - Michelle Marsh, (Hypnotherapist) I think this is the most clear and understanding approach I have ever seen or read. Thanks a lot! - Raul de la Horra (Hypnotist, Psychotherapist and Magician) This book represents the culmination of that period of experimentation and rebuilding, presenting a new central model for hypnosis (The Hypnotic Loop). Further to this it extensively unpacks the tools, tactics and psychological subtleties required for the effective facilitation of powerful hypnotic experiences. Hypnosis Without Trance is for you if you are looking to understand how hypnosis really works, and how you might better facilitate it. Whether you are a student of hypnosis, established practitioner or curious spectator, its clear exposition will significantly deepen your understanding and grasp of this fascinating craft. Definitely the next important big step for me - a practicing hypnotherapist for over 20 years. Absolutely brilliant! Thank you!!- Richard Whitehurst (Hypnotherapist) I gained more understanding of how hypnosis really works from HWT than anywhere else, and think it's a must for anyone serious about hypnosis. - Lazarus Stone (Professional Mentalist) Using this approach I have gained more confidence and I am far more relaxed as a hypnotist than any time in the past 20 years. - Gary Plumridge (Hypnotherapist)
