Facilities Management and Development for Tourism, Hospitality and Events Ahmed Hassanien, Crispin Dale, 2013 Facilities planning for tourism, hospitality and events (THE) is an important subject from both theoretical and applied perspectives, as land, property and resources represent major components of the foundation of the industry. As future managers, it is imperative that students have a sound basic knowledge of property and the various resources, systems and services associated with it. Covering important contemporary subjects such as sustainable planning and environmental management, this book considers the planning, development and management of facilities operations from several key perspectives, drawing upon the expertise of complementary experts in the design, management and development of THE facilities.

Sustainability in the Hospitality Industry 2nd Ed Willy Legrand, Philip Sloan, Joseph S. Chen, 2013-02-11 Sustainability is one of the single most important global issues facing the world. A clear understanding of the issues

surrounding climate change, global warming, air and water pollution, ozone depletion, deforestation, the loss of biodiversity and global poverty is essential for every future manager in the hospitality industry. Present and future hospitality executives need to know how sustainable management systems can be integrated into their businesses while maintaining and hopefully improving the bottom line. *Sustainability in the Hospitality Industry*, second edition, is the only book available to introduce the students to economic, environmental and social sustainable issues specifically facing the industry as well as exploring ideas, solutions, and strategies of how to manage operations in a sustainable way. Since the first edition of this book there have been many important developments in this field and this second edition has been updated in the following ways: updated content to reflect recent issues and trends including hotel energy solutions and green hotel design two new chapters on 'Sustainable Food' and 'Social Entrepreneurship and Social Value' updated international case studies throughout to explore key issues and show real life operational responses to sustainability within the hospitality industry. New case studies on growth hotel development markets, Asia and the Middle East new practical exercises throughout to apply your knowledge to real-life sustainability scenarios. This accessible and comprehensive account of Sustainability in the Hospitality Industry is essential reading for all students and future managers.

Managing Sport Facilities and Major Events Eric C. Schwarz,Hans Westerbeek,Dongfeng Liu,Paul Emery,Paul Turner,2016-10-14 Sport events are inextricably linked to the places in which they are hosted. High-profile events require high-quality venues, and the proper management of facilities is crucial to their success. Now in a fully revised and updated new edition, *Managing Sport Facilities and Major Events* is still the only textbook to introduce the fundamentals of sport facility and event management in an international context. With detailed real-world case studies and insights from professional practice, this book offers a systematic guide to the management issues and practical problems that sports managers must address to ensure financial, sporting, and ethical success. It covers all the key aspects of sport facility and major event management including the bidding process, facility development, risk analysis, budgeting, marketing, branding, and quality assurance, as well as completely new chapters on analytics, impact, and legacy. Now supported by a companion website containing slides, test banks, a glossary, and sample syllabus, this is an invaluable resource for students and practitioners alike and is essential to any course on sport facilities, event management or sport administration.

Successful Restaurant Design Regina S. Baraban,Joseph F. Durocher,2010-02-02 An integrated approach to restaurant design, incorporating front- and back-of-the-house operations Restaurant design plays a critical role in attracting and retaining customers. At the same time, design must facilitate food preparation and service. *Successful Restaurant Design*

shows how to incorporate your understanding of the restaurant's front- and back-of-the-house operations into a design that meets the needs of the restaurant's owners, staff, and clientele. Moreover, it shows how an understanding of the restaurant's concept, market, and menu enables you to create a design that not only facilitates a seamless operation but also enhances the dining experience. This Third Edition has been thoroughly revised and updated with coverage of all the latest technological advances in restaurant operations. Specifically, the Third Edition offers: All new case solutions of restaurant design were completed within five years prior to this edition's publication. The examples illustrate a variety of architectural, decorative, and operational solutions for many restaurant types and styles of service. All in-depth interviews with restaurant design experts are new to this edition. To gain insights into how various members of the design team think, the authors interviewed a mix of designers, architects, restaurateurs, and kitchen designers. New information on sustainable restaurant design throughout the book for both front and back of the house. New insights throughout the book about how new technologies and new generations of diners are impacting both front- and back-of-the-house design. The book closes with the authors' forecast of how restaurants will change and evolve over the next decade, with tips on how designers and architects can best accommodate those changes in their designs.

Hotel Design, Planning and Development Richard H. Penner, Lawrence Adams, Walter Rutes, 2013-05-07 *Hotel Design, Planning and Development* presents the most significant hotels developed internationally in the last ten years so that you can be well-informed of recent trends. The book outlines essential planning and design considerations based on the latest data, supported by technical information and illustrations, including original plans, so you can really study what works. The authors provide analysis and theory to support each of the major trends they present, highlighting how the designer's work fits into the industry's development as a whole. Extensive case studies demonstrate how a successful new concept is developed. *Hotel Design, Planning and Development* gives you a thorough overview of this important and fast-growing sector of the hospitality industry.

Hotel Accommodation Management Roy C. Wood, 2017-10-10 This book offers students a uniquely concise, accessible and comprehensive introduction to hotel accommodation management that covers the range of managerial subjects and disciplines in the sector. The book focuses on enduring aspects of the accommodation management function (front office management, housekeeping, revenue management); the changing context of hotel accommodation provision (the move to 'asset light', the supply of accommodation, trends in hotel investment and asset management, the challenges engendered by social media and the collaborative economy to the hotel market); and the role of accommodation in additional and integrated facilities and markets (spas, resorts, MICE markets). International case studies illustrating examples of practice in the industry are integrated throughout, along with study questions and other features to aid understanding and problem solving. This is essential reading for all hospitality and hotel management students.

The Routledge Handbook of Tourism and Hospitality Education Dianne Dredge,David Airey,Michael J. Gross,2014-10-03 Tourism is much more than an economic sector, it is also a social, cultural, political, and environmental force that drives societal change. Understanding, responding to, and managing this change will inevitably require knowledge workers who are able to address a range of problems associated with tourism, travel, hospitality, and the increasingly complex operating environment within which they exist. The purpose of this Handbook is to provide an insightful and authoritative account of the various issues that are shaping the higher educational world of tourism, hospitality and events education and to highlight the creative, inventive and innovative ways that educators are responding to these issues. It takes as its central focus a dynamic curriculum space shaped by internal and external factors from global to local scales, a variety of values and perspectives contributed by a range of stakeholders, and shifting philosophies about education policy, pedagogy and teaching practice. A benchmark for future curriculum design and development, it critically reviews the development of conceptual and theoretical approaches to tourism and hospitality education. The Handbook is composed of contributions from specialists in the field, is interdisciplinary in coverage and international in scope through its authorship and content. Providing a systematic guide to the current state of knowledge on tourism and hospitality education and its future direction this is essential reading for students, researchers and academics in Tourism, Hospitality, Events, Recreation and Leisure Studies.

Designing Commercial Interiors Christine M. Piotrowski,Elizabeth A. Rogers, IIDA,2012-06-14 The definitive reference on designing commercial interiors-expanded and updated for today's facilities Following the success of the

ASID/Polsky Prize Honorable Mention in 1999, authors Christine Piotrowski and Elizabeth Rogers have extensively revised this guide to planning and designing commercial interiors to help professionals and design students successfully address today's trends and project requirements. This comprehensive reference covers the practical and aesthetic issues that distinguish commercial interiors. There is new information on sustainable design, security, and accessibility-three areas of increased emphasis in modern interiors. An introductory chapter provides an overview of commercial interior design and the challenges and rewards of working in the field, and stresses the importance of understanding the basic purpose and functions of the client's business as a prerequisite to designing interiors. This guide also gives the reader a head start with eight self-contained chapters that provide comprehensive coverage of interior design for specific types of commercial facilities, ranging from offices to food and beverage facilities, and from retail stores to health care facilities. Each chapter is complete with a historical overview, types of facilities, planning and interior design elements, design applications, a summary, references, and Web sites. New design applications covered include spas in hotels, bed and breakfast inns, coffee shops, gift stores and salons, courthouses and courtrooms, and golf clubhouses. In keeping with the times, there are new chapters focusing on senior living facilities and on restoration and adaptive use. A chapter on project management has been revised and includes everything from proposals and contracts to scheduling and documentation. Throughout the book, design application discussions, illustrations, and photographs help both professionals and students solve problems and envision and implement distinctive designs for commercial interiors. With information on licensing, codes, and regulations, along with more than 150 photographs and illustrations, this combined resource and instant reference is a must-have for commercial interior design professionals, students, and those studying for the NCIDQ licensing exam. Sustainable Facility Management John P. Fennimore, 2014 For diverse courses in facilities management and sustainability, including capstone courses in facility management degree programs; and for certificate programs in sustainable management. This all-encompassing text thoroughly illuminates the methods, how-to skills, equipment, and best practices of modern facility management. Emphasizing practical operational aspects of sustainable facility management, Sustainable Facility Management covers many topics that are absolutely essential to sustainability -- some of them covered in no other text. Embracing multiple subject areas, it can easily be used as the main text for a capstone course of a facility management degree program. Topics covered include: organizational structure; cultural issues associated with property/facility management; career opportunities; financial, construction, and emergency management; environmental issues; HVAC, energy, and water management; green building; strategic management, and more. Throughout, chapter questions, assignments, photos, and diagrams help students deepen their understanding. These are complemented by many first-hand insights about effective facility management.

Sustainable Tourism Practices in the Mediterranean Ipek Kalemci Tüzün, Mehmet Ergül, Colin Johnson, 2019-07-19
Sustainable Tourism Practices in the Mediterranean showcases and examines the current and future trends in sustainable tourism in this popular region where tourism is one of the leading determinants of economic development. This volume examines the effects of specific recent events including terrorism, financial crises and various political changes in the Mediterranean region. Looking at a range of destinations, island and mainland, urban and rural, summer and winter and emergent and declining zones, it provides a comprehensive overview of this area. It also draws on a number of wide-ranging themes such as gastronomy, (corporate) social responsibility, entrepreneurship, ethical issues, service quality, health and the slow city, offering an insightful study of the challenges the Mediterranean region faces and the sustainable practices that can be implemented in order to overcome them. Written by leading academics in the field, this book will be of great interest to upper-level students, researchers and academics in Tourism, Development Studies and Geography.
