Looseleaf for Write Now Karin L. Russell, 2020-01-14 Now in its third edition, Write Now gives students greater confidence as they approach writing for college, for their careers, or for their everyday lives, while guiding them through the process of exploring ideas, drafting, revising, and editing their work. •Unique to Write Now, the Rhetorical Star - used throughout the text - keeps students focused on their writing situation as they draft, revise, edit, and design their work. In the new edition, the Rhetorical Star is featured on the cover, emphasizing its importance to the text and the writing process. •Graduate Spotlights provide testimonials from real college graduates who emphasize the importance of writing skills in their careers. Employer Spotlights give students additional insight into the importance of writing in the work world. •To emphasize the centrality of writing to the world of work, each chapter in Part 2 includes at least one career-based writing example, as well as a section explaining how students will apply each writing strategy they are learning in school, in their careers, and in their personal lives. •Connect for Write Now 3e features three new powerful assignments: oMcGraw Hill's new Writing Assignment Plus with an automated grammar checker and plagiarism detection. The assignment is built from the ground up with accessibility in mind. oAdaptive Learning Assignment provides a learning experience that adapts to the

needs of each learner through ongoing, formative assessments, feedback, and learning resources. The assignment allows for more flexibility when assigning topics and was designed with accessibility in mind. oSmartBook 2.0 has been updated with improved learning objectives to ensure that students gain foundational knowledge while also learning to make connections to help them formulate a broader understanding of concepts essential to writing well. SmartBook 2.0 personalizes learning to individual student needs, continually adapting to pinpoint knowledge gaps and focus learning on topics that need the most attention.

Environmental Politics and Policy Walter A. Rosenbaum,2016-08-01 Walter A. Rosenbaum's classic *Environmental Politics and Policy*, Tenth Edition once again provides definitive coverage of environmental politics and policy, lively case material, and a balanced assessment of current environmental issues. The first half of the book sets needed context and describes the policy process while the second half covers specific environmental issues such as air and water; toxic and hazardous substances; energy; and a global policymaking chapter focused on climate change and transboundary politics. Covering major environmental policy initiatives and controversies during President Obama's two terms and capturing the sudden and radical changes occurring in the American energy economy, this Tenth Edition offers the needed currency and relevancy for any environmental politics course.

The Environmental Case Judith A. Layzer,Sara R. Rinfret,2023-06-05 Answers to environmental issues are not black and white. Debates around policy are often among those with fundamentally different values, and the way that problems and solutions are defined plays a central role in shaping how those values are translated into policy. The *Environmental Case* captures the real-world complexity of creating environmental policy, and this much-anticipated Sixth Edition contains 14 carefully constructed cases, including a new study of the Salton Sea crisis. Through her analysis, Sara Rinfret continues the work of Judith Layzer and explores the background, players, contributing factors, and outcomes of each case, and gives readers insight into some of the most interesting and controversial issues in U.S. environmental policymaking.

A Career in Air Traffic Control, 3rd Edition Sharon L. LaRue, Michael S. Nolan, 2022-11-15 Air traffic control is an exciting, interesting, exacting, and high paying career open to anyone with a willingness to study, learn, and work hard. It can be a difficult profession to enter, but the rewards are worth it! This book is an attempt to inform you about all the different careers available. It acts as a primer concerning the basic principles and practices of air traffic control. This book will make you a better-informed applicant or student of the profession. LaRue's and Nolan's practical approach to the field and comprehensive coverage of difficult-to-understand concepts is key in providing you with a decisive advantage in reaching your goals of becoming an air traffic controller. They each bring years of experience as a professor, FAA traffic air controller, and pilot to the subject. Unlike other books, which focus only on reciting rules and regulations, this book focuses on teaching you how the air traffic control system works and the rationale for why the system functions as it does. In short, this book will give you a solid foundation in air traffic control. FEATURES Explanation of employment process Practical explanation of all ATC areas Covers difficult-to-understand ATC terms and procedures Authored by university professors with years of practical experience Clear illustrations and photographs End of chapter questions and discussions Instructor supplemental materials

Marketing Management Greg W. Marshall, Mark W. Johnston, 2022 No doubt about it, marketing is really changing. Marketing today is: Very strategic-customer-centricity is now a core organizational value. Practiced virtually, digitally, and socially to a greater degree than ever before imagined. Enabled and informed by analytics and new technologies. Accountable to top management through diligent attention to metrics and measurement. Oriented toward service as driver of product. Owned by everybody in the firm to one degree or another--

Essentials of Aviation Management Julie F. Rodwell, Adam K. Coulby, Thomas Q. Carney, John H. Mott, 2012-12-07 With the decline in new aircraft deliveries, ownership, and facilities has come a similar decline in general aviation operations, pilot certification, and sales at fixed base operators (FBOs). It is clear that, because of the challenges faced by the industry, FBOs must be well-managed to survive. Written from the academic and practical aviation experiences of the authors, this text provides the analytical tools that will assist the manager of the aviation service business who wishes to capitalize on these challenges and opportunities. It is intended to serve both undergraduate and graduate academic audiences, as well as to be a practical reference for the individual in industry. Also included are links to additional trade and industry materials, many of which are available on the Internet from a host of professional organizations, to supplement the text.

Leadership Richard L. Hughes, Robert C. Ginnett, Gordon J. Curphy, 2005-03-07 *Leadership: The Art of Experience*, Fifth Edition, is written for the general student to serve as a stand-alone introduction to the subject of leadership. The text consists of 13 chapters and a final section on Basic and Advanced Leadership Skills. Authors Hughes, Ginnett, and Curphy have drawn upon three different types of literature: empirical studies; interesting anecdotes, stories and findings; and leadership skills to create a text that is personally relevant, interesting and scholarly. The authors' unique quest for a careful balancing act of leadership materials help students apply theory and research to their real-life experiences.
