**Starbucked** Taylor Clark, 2013-02-28 STARBUCKED is the first book to explore the incredible rise of the Starbucks Corporation and the caffeine-crazy culture that fuelled its success. Part Fast Food Nation, part social history, STARBUCKED combines investigative heft with witty cultural observation. How did Starbucks become an international juggernaut? What made the company so beloved that more than 40 million customers visit every week, yet so loathed that protestors have firebombed its stores? Why did Americans suddenly become willing to pay \$4.50 for a cup of coffee? And why did the world follow? Taylor Clark provides an objective, meticulously reported look at how Starbucks manipulates psyches and social habits to snare loyal customers, and why many of the things we think we know about the coffee chain are false.

**Decisions and Orders of the National Labor Relations Board** National Labor Relations Board, 2012-02-29 Includes the decisions and orders of the Board, a table of cases, and a cross reference index from the advance sheet numbers to the volume page numbers.

**The Power of Habit** Charles Duhigg, 2012-04-05 There's never been a better time to set new habits. This book will change your life. In *The Power of Habit*, award-winning journalist Charles Duhigg takes us into the thrilling and surprising world of the scientific study of habits. He examines why some people and companies struggle to change, despite years of trying, while others seem to remake themselves overnight. He visits laboratories where neuroscientists explore how habits work and where, exactly, they reside in our brains. And he uncovers how the right habits were crucial to the success of Olympic swimmer Michael Phelps, Starbucks CEO Howard Schultz, and civil-rights hero Martin Luther King, Jr. The result is a compelling argument and an empowering discovery: the key to exercising regularly, losing weight, raising exceptional children, becoming more productive or even building revolutionary companies is understanding how habits work. By harnessing this new science, we can transform our businesses, our communities, and our lives. \_\_\_\_\_

'[An] essential manual for business and living.' Andrew Hill, Financial Times 'Once you read this book, you'll never look at yourself, your organisation, or your world quite the same way.' Daniel H. **The Strategic Alliance Handbook** Mike Nevin,2016-03-03 Strategic alliances offer organisations an alternative to organic growth or acquisition when faced with the need to develop the business to a new level, innovate in terms of products or services or significantly reduce costs. The Strategic Alliance Handbook is a clear and complete guide to the nuts and bolts of the process behind successful collaborations. The book enables readers to understand the commercial, technical, strategic, cultural and operational logic behind any alliance and to establish an approach that is appropriate for the type of alliance they are seeking and the partner organisation(s) with whom they are working. Whether you are an alliance executive, responsible for the systems, strategy and performance of your organisation's alliancing programme or an alliance manager needing to ensure the success of a given partnership, The Strategic Alliance Handbook is an essential guide.

**Strategy in 3D** Greg Fisher,John E. Wisneski,Rene M. Bakker,2020-08-05 Strategy decision making and action used to be off limits to all but the select few at the very top of an organization. It was a largely cerebral activity focused on grand long-terms plans made at annual off-site retreats away from the daily challenges of the business. That is no longer the case. The current business environment does not wait for companies to slowly adjust in an annual meeting. The relentless pace of change renders today's long-term future tomorrow's history. Rapid innovations and ever-increasing complexities limit executives' ability to make decisions with perfect information. Does this mean strategy is no longer useful, or even feasible? No. Good strategists are needed now more than ever. But today's high-performing organizations think of strategy differently than in the past. These companies make strategy part of every manager's role; they strategize continuously and tackle strategic problems through individuals from all parts of the organization. Strategy in this new, fast-paced world is about diagnosing the diverse array of complex challenges confronting organizations, deciding on novel solutions to address those challenges, and delivering by taking action on those solutions. Including a novel organizational framework and never-before-published application examples, Strategy in 3D helps build these foundational skills and prepares the reader for success as a strategist in the 21st century.

**A Força do Hábito** Charles Duhigg,2018-03-23 A maioria das opções que tomamos parecem-nos resultado de decisões muito bem pensadas, mas não. São hábitos. E se cada hábito isoladamente parece pouco relevante, com o passar do tempo os alimentos que comemos, o que dizemos aos filhos, as decisões que tomamos de poupar ou gastar, a frequência com que fazemos exercício e a forma como organizamos os nossos dias, acabam por ter um impacto enorme sobre a saúde, produtividade, bem-estar económico e felicidade. Transformar um hábito não é necessariamente fácil ou rápido. Nem sequer

é simples. Mas é possível. E, hoje, graças a este livro sabemos como.

Сила звички. Чому ми діємо так, а не інакше в житті та бізнесі Чарлз Дахігг, 2024-09-02 Як звички впливають на життя? Як, змінивши лише один шаблон поведінки, різні люди змогли досягти успіху: стати директором, придбати будинок, пробігти марафон? В основу цієї книжки лягли інтерв'ю із трьома сотнями науковців і директорів підприємств, дослідження, проведені в десятках компаній. Проаналізувавши все це, автор зрозумів, як кожна людина може контролювати свої звички, щоб досягти успіху. Дізнавшись, як створюються та руйнуються звички, ви зможете перебудувати шаблони поведінки, як собі забажаєте. Ви зрозумієте, як змусити себе не палити, менше їсти, займатися спортом, не кричати на близьких, ефективніше працювати.

Vanans makt Charles Duhigg, 2013-12-10 Vill du komma igång med träningen, bli mer effektiv, lansera en ny produkt, bygga upp ett framgångsrikt företag eller förändra världen? Allt börjar med att förstå vanans makt. Nästan hälften av allt vi gör går på ren vana. Vanor påverkar individens val, grupperns beteende och hela samhällens inriktning. Charles Duhigg har djupdykt i den senaste forskningen om hur vanor formas och hur de lagras i hjärnan. Med hjälp av många fascinerande exempel förklarar han varför kunskap om hur vanor fungerar hjälper dig att skapa bestående förändringar i både ditt och andras beteende.
