Twenty-Five to Life R.W.W. Greene,2021-08-24 Life goes on for the billions left behind after the humanity-saving colony mission to Proxima Centauri leaves Earth orbit ... but what's the point? Julie Riley is two years too young to get out from under her mother's thumb, and what does it matter? She's over-educated, under-employed, and kept mostly numb by her pharma emplant. Her best friend, who she's mostly been interacting with via virtual reality for the past decade, is part of the colony mission to Proxima Centauri. Plus, the world is coming to an end. So, there's that. When Julie's mother decides it's time to let go of the family home in a failing suburb and move to the city to be closer to work and her new beau, Julie decides to take matters into her own hands. She runs, illegally, hoping to find and hide with the Volksgeist, a loose-knit culture of tramps, hoboes, senior citizens, artists, and never-do-wells who have elected to ride out the end of the world in their campers and converted vans, constantly on the move over the back roads of America. Called to Life Jacques Philippe,2017-03-30 How do I find fulfillment in life? How do I obtain happiness? Despite a multitude of self-help books in recent years, these eternal questions have become increasingly urgent in today's directionless world. Author Jacques Philippe provides some answers. In his new book, *Called to Life*, he explains that a complete and fulfilled life is much more assured when we stop trying to chart our own course, when we realize that we are essentially creatures called by God. He goes on to describe where and how these calls take place: the events of life, the Word of God in Scripture, and interior motions of the Holy Spirit. Learning to recognize and follow these calls is what leads to a happy and full life. *Called to Life* includes a special section on how to read Sacred Scripture prayerfully (Lectio Divina), making this a timely source of inspiration and guidance following up on the recommendations of Pope Benedict XVI and the 2008 Synod of Bishops on the Word of God.

More to Life ReShonda Tate Billingsley,2019-08-27 In this stunning sequel to her acclaimed debut *My Brother's Keeper*, #1 national bestselling author ReShonda Tate Billingsley brings her real-deal insight to a heartfelt new novel about a wife and mother on a daring rescue mission—to save herself. Freshly forty-five, Aja James knows that her life is good, complete with a loving, wealthy husband, well-adjusted children, and a beautiful home. Yet the truth is, she feels painfully unfulfilled, stuck in the present, haunted by a painful past. When a friend suggests a girls' trip to a tropical paradise, Aja hopes a change of scene will also change her perspective. On vacation, filled with fun and freedom, Aja is relieved to find her spirits lifting. But her good time also shines a light on what's troubling her: from her siblings to her husband and kids, she's spent nearly her whole life taking care of everyone—except herself. She's lost her spark. She's lost her identity. Desperate to turn things around, Aja makes an impulsive decision—one that outrages her family and stuns her friends. But it may also be her wisest

choice. Because it's only through learning what she could lose—and what's truly worth keeping—that Aja can transform this temporary fix into real, lasting happiness.

Taizé, a Meaning to Life Olivier Clément, 1997

Life Is Short And So Is This Book Peter Atkins, 2011-03-08 Life is short. You can, if you work hard and are lucky, get more of almost anything, but you can't get more time. Time only goes one way. The average American has a lifespan of less than 30,000 days. So how you choose to live matters. That's the topic of this book. I don't pretend to have all the answers. I'm still learning every day, and many of the good ideas here I've picked up from other people either directly or by reading. But this is what's worked for me. Like life, this book is short. Many books I read could communicate their ideas in fewer pages. So I've

tried to be brief in line with the wise person who noted: If I'd had more time I would have written a shorter letter. I don't think brevity implies lack of content. The concepts here have improved the quality of my life, and I hope they're useful to you as well. Using these concepts, I have created a life I love. My job doesn't feel like work. I love and respect the people with whom I spend time. And I'm also passionate about my life outside work. I've learned how to create a balance that makes me happy between work and other interests, including my family, friends and exercise. Sadly I think that's rare. And yet, while I know I'm lucky, most people can work towards those goals in their own lives. My interest in making the most of my life began when I was just starting college, but when I was in my mid-thirties a boss I admired died of cancer. He was young. He had a great wife; he had three young children; he had a fantastic career -- he had everything in life. He just didn't have enough time. So, while I'd often thought about how to get the most out of life, the death of someone so young and vital increased my sense of urgency to act on it. One of the things I've always wanted to do was to work for myself. As a result, I left an exciting job at Microsoft in 2001 amidst the Internet bust to found the investing firm I now run. It was hard to do, both financially and emotionally. When I left Microsoft, many people - friends, family, and even some of the press - thought I was deluding myself to start a fund focused on Internet-related companies during a market crash. A press quote from the time said: Call him a little crazy. Call him a little nuts. I'd never seen that type of coverage before. And, in a sense, the press was right; the business wasn't easy to start. Fortunately, from a vantage point of ten years down the road, it's worked out quite well. A key part of my job is reading and thinking about a broad variety of topics. So writing this book was relatively easy. It's even easier to read. But, like many things in life, actually executing each day on these concepts is extremely difficult. With thanks to Thomas Edison, life is 1% inspiration and 99% perspiration. Even so, I hope you have fun perspiring. Peter Atkins Seattle, WA December, 2010
