

Make It So Leadership Lessons From Star Trek The Next%25

Jay Stevenson PhD

Make It So Wess Roberts,Bill Ross,1996-08 Taking its inspiration from today's most striking and popular vision of the future--Star Trek--this Business Week bestseller offers valuable lessons for today's fast-changing business world. A great book for all forward thinkers.--Lillian Vernon.

Make It So: Leadership Lessons from Star Trek: The Next Generation Wess Roberts,Bill Ross,1996-08-01 With Capt. Picard as the role model for effective leadership, this bestselling book uses Star Trek: The Next Generation as advice guide for successful business management. The fast-changing business world of today is far different from just a few years ago. Success in today's marketplace requires new leadership techniques, new thinking, and an eye on the future... In *Make It So: Leadership Lessons from Star Trek: The Next Generation*®, Wess Roberts and coauthor Bill Ross take their inspiration from today's most striking and most popular vision of the future -- Star Trek -- an unprecedented television, feature film and publishing phenomenon. From the top-rated television series Star Trek: The Next Generation, Roberts and Ross find a new symbol for successful leadership: Captain Jean-Luc Picard. As entertaining as it is useful, *Make It So* captures the mythos of Star Trek: The Next Generation as it delivers dramatically rich lessons on leadership, including the importance of the ability to focus on a single mission, effective communication, teamwork, honor . . . and other important concepts. The examples are taken from the on-screen adventures of Captain Picard and the Starship Enterprise™, but the lessons and the benefits are real -- and can be applied to everyday situations where the goal is the kind of high-performance organization embodied by the crew of the U.S.S. Enterprise. Sure to appeal to Star Trek enthusiasts and serious students of leadership alike, *Make It So* is the most exciting business book on the shelves -- the one book that shows the future of modern leadership while giving managers the tools they need for success today!

NASA/TREK Constance Penley,1997-06-17 In this investigation and celebration of America's fascination with space, Constance Penley, a professor of film studies and women's studies at the University of California, illustrates issues of sex and sexuality in the world of science and technology and examines the widely held prejudices against women in this area. 20 photos.

The Complete Idiot's Guide to Philosophy, 2E Jay Stevenson PhD,2002-02-01 A revised edition to a solid performing book, with expanded content on various philosophers and ideas. -- The current edition has sold over 61,000 since its release in November of 1997. -- Existing content is great, but needs to be added to in order to more effectively compete with Philosophy for Dummies, which, at 360 pages, is 100 pages over our current edition. -- By its very nature, philosophy is not subject to a great deal of change over time, and therefore can be expected to continue to perform at or above current levels. Philosophy is all about being, knowing, and acting. It poses daring questions such as what exists, what counts as knowledge, and how do we know things? And, as life becomes more and more complicated, people turn to philosophy to help themselves better understand the world around them-politics, religion, family, the environment, and more. The Complete Idiot's Guide® to Philosophy, Second Edition will continue the first edition's success in exposing beginners to the world of philosophy, its ideas, and its philosophers. It will contain expanded content on existing ideas and philosophers covered in the first edition, but it will also introduce new philosophers whose ideas were not included in the first edition, but whose contributions to the world of philosophy are perhaps now less obscure.

Leadership in Star Trek Jason A. Kaufman,Aaron M. Peterson,2023-08-28 What are the skills necessary for effective leadership? How can we learn to lead toward a better tomorrow? For six decades, the captains of Star Trek have demonstrated the potential for leaders to leverage reason and compassion in the service of others. Grounded in science yet focused on practical application, this book uses case studies from more than 40 episodes and films to explore how Captains Archer, Burnham, Pike, Kirk, Picard, Sisko, and Janeway relied upon the basic leadership skills of communication, patience, and relationship to navigate the most challenging of events. This work lays out how leaders can leverage reason and compassion to create organizational cultures in which everyone has a place at the table. Whether you are a professional or a student of business, academics, schools, or government, Star Trek is more relevant than ever to the leaders of today to boldly go.

The Final Frontier Joel R. Campbell,Gigi Gokcek,2019-03-08 The proposed book uses the Star Trek television/movie and Star Wars movie series to explain key international relations (IR) concepts and theories. It begins with an overview of the importance of science fiction in literature and film/television. It then presents the development of the Star Trek and Star Wars franchises, and discusses how their progression through time has illustrated key IR theories and concepts. As a bonus, it compares the two franchises to another recent science fiction franchise used to teach IR (Battlestar Galactica).

Star Trek: The Wisdom of Picard Chip Carter,2020-11-10 Discover all of Captain Jean-Luc Picard's sage advice, insight, and wisdom from the deck of the USS Enterprise and beyond in this ultimate collection of wise words from the esteemed Starfleet captain. Any Star Trek fan knows that Captain Jean-Luc Picard is renowned for his impressive oratory skills, preferring negotiation and diplomacy over violence and destruction. Now, you can finally ponder all of his wisdom in one

place—from his thoughts on leadership and sense of duty to justice and the limitlessness of exploration—in *Star Trek: The Wisdom of Picard*. Journey with the Starfleet captain through his seven seasons on *Star Trek: The Next Generation* to the *Star Trek* movies to the current series *Star Trek: Picard*. *Star Trek: The Wisdom of Picard* boldly goes where no book has gone before to log Picard's timeless advice in one impressive collection, perfect for *Star Trek* fans everywhere! Make it so!

Make it So Wess Roberts,1995

The Routledge Handbook of Cultural Legal Studies Karen Crawley,Thomas Giddens,Timothy D Peters,2024-05-20 This handbook provides a comprehensive introduction to the cutting-edge field of cultural legal studies. Cultural legal studies is at the forefront of the legal discipline, questioning not only doctrine or social context, but how the concerns of legality are distributed and encountered through a range of material forms. Growing out of the interdisciplinary turn in critical legal studies and jurisprudence that took place in the latter quarter of the 20th century, cultural legal studies exists at the intersection of a range of traditional disciplinary areas: legal studies, cultural studies, literary studies, jurisprudence, media studies, critical theory, history, and philosophy. It is an area of study that is characterised by an expanded or open-ended conception of what 'counts' as a legal source, and that is concerned with questions of authority, legitimacy, and interpretation across a wide range of cultural artefacts. Including a mixture of established and new authors in the area, this handbook brings together a complex set of perspectives that are representative of the current field, but which also address its methods, assumptions, limitations, and possible futures. Establishing the significance of the cultural for understanding law, as well as its importance as a potential site for justice, community, and sociality in the world today, this handbook is a key reference point both for those working in the cultural legal context - in legal theory, law and literature, law and film/television, law and aesthetics, cultural studies, and the humanities generally - as well as others interested in the interactions between authority, culture, and meaning.

Modern Organizations and Emerging Conundrums Richard Alan Goodman,1999 The contributors to this book review the postindustrial subculture, emphasizing cross-disciplinary and cross-contextual inquiry, a central idiom of postindustrial organizational life. The essays consider alternative methods of understanding media that add variety to meanings within and without organizations. This multi-method approach in the search for meaning and the limits of words and symbols to express meaning generates a personally interpretive basis to science.

[Textbook of Community Children's Nursing E-Book](#) Anna Sidey,David Widdas,2005-03-02 This exciting new edition is again structured into four main sections: Organisational facets; Philosophical issues; Dimensions of practice; and Advancing practice, and has been expanded to include detailed guidance on the commissioning and resourcing of services. It provides essential information for implementing the requirements of the children's National Service Framework that will support the expansion of Community Children's Nursing and enable it to move forward and away from fragmented service delivery.

Bringing together the work of some of the most distinguished experts in the field, there is comprehensive coverage of the key aspects of Community Children's Nursing, including multi-disciplinary/interagency planning; provision of nursing services to sick children and their families in a range of community setting; and the needs of both the recipients and providers of care within the trajectory of acute, life-limiting and terminal illness. The first - and only - book on this topic, addressed specifically at the Community Children's Nurse (CCN) (An authoritative guide to the principles underpinning the development of the specialty, which puts into context the scope of the CCN's work and clearly describes his/her place in the community team) (A balance of the theoretical and practical, presented by the key names in this field) (Offers up-to-date evidence which supports the development of this rapidly expanding specialty) (Foreword by Elizabeth Fradd, Independent Health Service Advisor, UK) (New chapters have been added on the topics of: Developing a national strategy and corporate identity for Community Children's Nursing Delivering and funding care for children with complex needs Strategic planning and commissioning of services Benchmarking Transitional care) The following chapters have been rewritten and expanded: Young carers Complementary therapies Partnerships with the voluntary sector Health promotion Information management The role of the Community Children's Nurse Manager is also explored in depth.

The Road Ahead Bill Gates, Nathan Myhrvold, Peter Rinearson, 1996 In this clear-eyed, candid, and ultimately reassuring

To Boldly Go Jonathan Klug, Steven Leonard, 2021-09-30 "A rich exploration of sci-fi universes we know and love, merged flawlessly with discussions on leadership, national security . . . diplomacy, and more." —Diplomatic Courier As a literature of ideas, science fiction has proven to be a powerful metaphor for the world around us, offering a rich tapestry of imagination through which to explore how we lead, how we think, and how we interact. *To Boldly Go* assembles more than thirty writers from around the world—experts in leadership and strategy, senior policy advisors and analysts, professional educators and innovators, experienced storytellers, and ground-level military leaders—to help us better understand ourselves through the lens of science fiction Each chapter of *To Boldly Go* draws out the lessons that we can learn from science fiction, drawing on classic examples of the genre in ways that are equally relatable and entertaining. A chapter on the burdens of leadership by Ghost Fleet author August Cole launches readers into the cosmos with Captain Avatar aboard the space battleship Yamato. In another chapter, the climactic Battle of the Mutara Nebula from *The Wrath of Khan* weighs the advantages of experience over intelligence in the pursuit of strategy. What does inter-species conflict in science fiction tell us about our perspectives on social Darwinism? Whether using *Star Trek: Deep Space Nine* to explore the nuances of maritime strategy or *The Expanse* to better understand the threat posed by depleted natural resources, *To Boldly Go* provides thoughtful essays on relevant subjects that will appeal to business leaders, military professionals, and fans of science fiction alike.

All I Really Need to Know I Learned from Watching Star Trek Dave Marinaccio, 2012-07-04 How to win at poker. The

power of a business's mission statement. If you can dial a telephone, you can do anything. These are the lessons to be learned from Star Trek. First a hit television show, and then a pop culture phenomenon, Star Trek is now the basis for inspiration and guidance in our daily lives. ALL I REALLY NEED TO KNOW I LEARNED FROM WATCHING STAR TREK is an anthology of valuable lessons that can be found within the episodes of Star Trek. Discover why its dangerous to wear a plain red shirt, why Captain Kirk was such a superb leader, and why you should always help people in need.

Leadership Lessons from West Point Leader to Leader Institute, United States Military Academy. Department of Behavioral Sciences and Leadership, 2006

Taking in Strays Lisa Harrington, 2013-03-13 The bottom line in our stories is fairly direct: to lead well, you have to think about your followers first. The best leaders see the world through the eyes of their charges. It can't be about you or your behavior as much as it is about creating a way to meet their needs while accomplishing the vision and mission of the organization. It's going to take balance. That doesn't mean you do whatever they want you to do, of course. You wouldn't feed your pets rotten dog food or make them stay out in the cold or rain or heat without shelter, even if they thought that's what they wanted. Maybe they don't know any better. It means you take care of them even when that means righting the ship by letting someone go because, if you don't, the ship sinks. For me, this means to live in the Truth, to be a friend first, and to serve graciously. Create your own values statement; build your own foundation first. Find your inspiration that can be your guiding light. Then build strong, consistent foundations for your folks to stand upon, and let them go to see what they can accomplish!
