As Nature Made Him John Colapinto, 2013-03-05 NEW YORK TIMES BESTSELLER “We should aspire to Colapinto's stellar journalist example: listening carefully to the circumstances of those who are different rather than demanding that they conform to our own.” —Washington Post The true story about the twins case and a riveting exploration of medical arrogance, misguided science, societal confusion, gender differences, and one man's ultimate triumph In 1967, after a twin baby boy suffered a botched circumcision, his family agreed to a radical treatment that would alter his gender. The case would become one of the most famous in modern medicine—and a total failure. The boy's uninjured brother, raised as a boy, provided to the experiment the perfect matched control. As Nature Made Him tells the extraordinary story of David Reimer, who, when finally informed of his medical history, made the decision to live as a male. Writing with uncommon intelligence, insight, and compassion, John Colapinto sets the historical and medical context for the case, exposing the thirty-year-long scientific feud between Dr. John Money and his fellow sex researcher, Dr. Milton Diamond—a rivalry over the nature/nurture debate whose very bitterness finally brought the truth to light. A macabre tale of medical arrogance, it is first and foremost a human drama of one man's—and one family's—amazing survival in the face of terrible odds.

The Cult of Youth James F. Stark, 2020-03-19 The first account of anti-ageing and rejuvenation in modern Britain, exploring hormones, diet, electrotherapy, exercise and skin care.

"I Want to Be Like Nature Made Me" InterACT, Human Rights Watch (Organization), 2017 This report examines the physical and psychological damage caused by medically unnecessary surgery on intersex people, who are born with chromosomes, gonads, sex organs, or genitalia that differ from those seen as socially typical for boys and girls. The report examines the controversy over the operations inside the medical community, and the pressure on parents to opt for surgery--Publisher's description.

The End of Men Hanna Rosin, 2012-10-11 What Betty Friedan, Simone de Beauvoir, and Naomi Wolf did for feminism, senior editor of The Atlantic Hanna Rosin does for a new generation of women: an explosive new argument for why women are winning the battle of the sexes. Women are no longer catching up with men. By almost every measure, they are outperforming them. ·Women in Britain hold half the jobs ·Women own over 40% of China's private businesses ·75% of couples in fertility clinics are requesting girls, not boy ·Women will outnumber men in the UK medical profession by 2017 ·In 1970,

women in the US contributed to 2-6% of the family income. Now it is 42.2% This is an astonishing time. In a job market that favours people skills and intelligence, women's adaptability and flexibility makes them better suited to the modern world. In *The End of Men*, Hanna Rosin reveals how this has come to pass and explains its implications for marriage, sex, children, work, families and society. Exposing old assumptions and drawing on examples from across the globe, Rosin shows us how we must all adapt to a radically new way of working and living. 'One of the most controversial books since Naomi Wolf's *The Beauty Myth*' Stylist 'Explosive' Daily Mail 'Fascinating' Sunday Times

The Road to Wigan Pier George Orwell, 2024-04-26 George Orwell provides a vivid and unflinching portrayal of working-class life in Northern England during the 1930s. Through his own experiences and meticulous investigative reporting, Orwell exposes the harsh living conditions, poverty, and social injustices faced by coal miners and other industrial workers in the region. He documents their struggles with unemployment, poor housing, and inadequate healthcare, as well as the pervasive sense of hopelessness and despair that permeates their lives. In the second half of *The Road to Wigan Pier* Orwell delves into the complexities of political ideology, as he grapples with the shortcomings of both socialism and capitalism in addressing the needs of the working class. GEORGE ORWELL was born in India in 1903 and passed away in London in 1950. As a journalist, critic, and author, he was a sharp commentator on his era and its political conditions and consequences.

State of Nordic Fathers Cederström, Carl, 2019-11-13 Fatherhood norms have changed considerably in the Nordic countries over the past decades. The sight of a father pushing his baby in a pram is no longer rare, and parental leave is no longer for mothers only. Yet parental leave is still not shared equally, despite parents having the right. Nordic fathers only use 10-30 percent of the total leave. *State of Nordic Fathers* examines why; and identifies possible avenues to increase fathers' share of childcare and leave. 10 key findings reveal that fathers' involvement is a key to gender equality and fathers who have taken long leave distinguish themselves in many respects from those who took none. *State of Nordic Fathers* is based on a survey capturing the attitudes of 7515 men and women, mostly parents, in Denmark, Finland, Iceland, Norway and Sweden, on childcare work, parental leave, masculinity norms, and workplace and family relationships.

Sex Changes Christine Benvenuto, 2012-11-13 What do you do when the other woman is your husband? A wife's memoir of her husband's sex change Christine Benvenuto had been married for more than twenty years—with three young children—when her husband turned to her one night in bed and said I'm thinking constantly about my gender. He was unhappy in his body and wanted to become a woman. Part memoir, part voyeur's look into a marriage, *Sex Changes* is a journey through the end of a marriage and out the other side. We see a woman, desperate to save her family and shelter her children, discover a well of strength and resilience she never knew she had. We learn what to tell the neighbors when your husband starts wearing heels with his shirts and ties. We see a woman open herself to a group of friends who travel with her through her darkest times, provide light and levity throughout—and who offer the opportunity to learn how to give as well as receive the love and support of true friendship. When she lost her husband to skirts and hormones, life made Chris a better woman. *Sex Changes* is the story of what one woman discovered about herself in the midst of the conflagration of her family. Fiercely funny, self-lacerating, and not entirely politically correct, *Sex Changes* is a journey of love and anguish told with hilarity, heartbreak and a lot of soul searching. It is about the mysteries in every marriage, the secrets we chose to keep, and the freedom that the truth can bring.

How To Set Up An FLR Georgia Green, 2013-06-06 'How To Set Up An FLR' is a straight forward, no nonsense book that tells it like it is. Georgia Ivey Green (also known as Mistress Ivey) tells her readers the truth about Female Led Relationships instead of feeding their fantasies like so many others have done in the past. She talks about real life and how to implement a female led relationship that fits you in real life, not in some fantasy you may have picked up from the Internet. Couples gain the knowledge to avoid common pitfalls and ease into an FLR where both parties can feel comfortable. She takes the fantasy out and puts the reality in. page for the information you need. There are many sections that you will want to refer back to for years to come. This book is invaluable to those wishing to establish a successful female led relationship. It will guide couples just starting out as well those who may have tried to set up an FLR before and failed. If you have ever thought about converting your relationship to an FLR, then you really ought to read this book first. It could save your relationship.

Detransition, Baby Torrey Peters, 2021-01-12 NATIONAL BESTSELLER • The lives of three women—transgender and

cisgender—collide after an unexpected pregnancy forces them to confront their deepest desires in “one of the most celebrated novels of the year” (Time) “Reading this novel is like holding a live wire in your hand.”—Vulture One of the New York Times’s 100 Best Books of the 21st Century Named one of the Best Books of the Year by more than twenty publications, including The New York Times Book Review, Entertainment Weekly, NPR, Time, Vogue, Esquire, Vulture, and Autostraddle PEN/Hemingway Award Winner • Finalist for the Lambda Literary Award, the National Book Critics Circle Award, and the Gotham Book Prize • Longlisted for The Women’s Prize • Roxane Gay’s Audacious Book Club Pick • New York Times Editors’ Choice Reese almost had it all: a loving relationship with Amy, an apartment in New York City, a job she didn't hate. She had scraped together what previous generations of trans women could only dream of: a life of mundane, bourgeois comforts. The only thing missing was a child. But then her girlfriend, Amy, detransitioned and became Ames, and everything fell apart. Now Reese is caught in a self-destructive pattern: avoiding her loneliness by sleeping with married men. Ames isn't happy either. He thought detransitioning to live as a man would make life easier, but that decision cost him his relationship with Reese—and losing her meant losing his only family. Even though their romance is over, he longs to find a way back to her. When Ames's boss and lover, Katrina, reveals that she's pregnant with his baby—and that she's not sure whether she wants to keep it—Ames wonders if this is the chance he's been waiting for. Could the three of them form some kind of unconventional family—and raise the baby together? This provocative debut is about what happens at the emotional, messy, vulnerable corners of womanhood that platitudes and good intentions can't reach. Torrey Peters brilliantly and fearlessly navigates the most dangerous taboos around gender, sex, and relationships, gifting us a thrillingly original, witty, and deeply moving novel.
