As Nature Made Him John Colapinto, 2013-03-05 NEW YORK TIMES BESTSELLER “We should aspire to Colapinto's stellar journalist example: listening carefully to the circumstances of those who are different rather than demanding that they conform to our own.” —Washington Post The true story about the twins case and a riveting exploration of medical arrogance, misguided science, societal confusion, gender differences, and one man's ultimate triumph In 1967, after a twin baby boy suffered a botched circumcision, his family agreed to a radical treatment that would alter his gender. The case would become one of the most famous in modern medicine—and a total failure. The boy's uninjured brother, raised as a boy, provided to the experiment the perfect matched control. As Nature Made Him tells the extraordinary story of David Reimer, who, when finally informed of his medical history, made the decision to live as a male. Writing with uncommon intelligence, insight, and compassion, John Colapinto sets the historical and medical context for the case, exposing the thirty-year-long scientific feud between Dr. John Money and his fellow sex researcher, Dr. Milton Diamond—a rivalry over the nature/nurture debate whose very bitterness finally brought the truth to light. A macabre tale of medical arrogance, it is first and foremost a human drama of one man's—and one family's—amazing survival in the face of terrible odds.

The Cult of Youth James F. Stark, 2020-03-19 The first account of anti-ageing and rejuvenation in modern Britain, exploring hormones, diet, electrotherapy, exercise and skin care.

"I Want to Be Like Nature Made Me" InterACT, Human Rights Watch (Organization), 2017 This report examines the physical and psychological damage caused by medically unnecessary surgery on intersex people, who are born with chromosomes, gonads, sex organs, or genitalia that differ from those seen as socially typical for boys and girls. The report examines the controversy over the operations inside the medical community, and the pressure on parents to opt for surgery-- Publisher's description.

The End of Men Hanna Rosin, 2012-10-11 What Betty Friedan, Simone de Beauvoir, and Naomi Wolf did for feminism, senior editor of The Atlantic Hanna Rosin does for a new generation of women: an explosive new argument for why women are winning the battle of the sexes. Women are no longer catching up with men. By almost every measure, they are outperforming them. ·Women in Britain hold half the jobs ·Women own over 40% of China's private businesses ·75% of couples in fertility clinics are requesting girls, not boy ·Women will outnumber men in the UK medical profession by 2017 ·In 1970,

women in the US contributed to 2-6% of the family income. Now it is 42.2% This is an astonishing time. In a job market that favours people skills and intelligence, women's adaptability and flexibility makes them better suited to the modern world. In *The End of Men*, Hanna Rosin reveals how this has come to pass and explains its implications for marriage, sex, children, work, families and society. Exposing old assumptions and drawing on examples from across the globe, Rosin shows us how we must all adapt to a radically new way of working and living. 'One of the most controversial books since Naomi Wolf's *The Beauty Myth*' Stylist 'Explosive' Daily Mail 'Fascinating' Sunday Times

Transgender On Screen J. Phillips, 2006-07-10 This is an exploration of the cultural representations of transvestism and transsexuality in modern screen media against a historical background. Focussing on a dozen mainstream films and on shemale Internet pornography, this fascinating study demonstrates the interdependency of our perceptions of transgender and its culturally constructed images.

Identifying as Transgender Sara Woods, 2016-12-15 This book introduces readers to some of the many gender identities a person can have, such as trans man, trans woman, gender fluid, bigender, or two-spirit. It covers bodies beyond the gender binary as well as the differences between gender expression, gender identity, and sexuality, and addresses transphobia and cissexism and the discrimination and mistreatment that trans people face and the support that trans communities can provide.

Engaged Fatherhood for Men, Families and Gender Equality Marc Grau Grau, Mireia las Heras Maestro, Hannah Riley Bowles, 2022 This aim of this open access book is to launch an international, cross-disciplinary conversation on fatherhood engagement. By integrating perspective from three sectors -- Health, Social Policy, and Work in Organizations -- the book offers a novel perspective on the benefits of engaged fatherhood for men, for families, and for gender equality. The chapters are crafted to engaged broad audiences, including policy makers and organizational leaders, healthcare practitioners and fellow scholars, as well as families and their loved ones.

The Road to Wigan Pier George Orwell, 2024-04-26 George Orwell provides a vivid and unflinching portrayal of working-class life in Northern England during the 1930s. Through his own experiences and meticulous investigative reporting, Orwell exposes the harsh living conditions, poverty, and social injustices faced by coal miners and other industrial workers in the region. He documents their struggles with unemployment, poor housing, and inadequate healthcare, as well as the pervasive sense of hopelessness and despair that permeates their lives. In the second half of the *The Road to Wigan Pier* Orwell delves into the complexities of political ideology, as he grapples with the shortcomings of both socialism and capitalism in addressing the needs of the working class. GEORGE ORWELL was born in India in 1903 and passed away in London in 1950. As a journalist, critic, and author, he was a sharp commentator on his era and its political conditions and

consequences.

Odd Couples Anna Muraco,2012-04-30 Muraco studies friendships between straight women and gay men and straight men and lesbians to consider how their relationships both challenge and reinforce conventional notions of sexuality and gender. Based on in-depth interviews, the book considers how people experience gender and sex roles differently within these intersectional relationships.

Fucking Trans Women Mira Bellwether,2013-08-24 FTW is a zine by trans women, about the sex lives of trans women. It is an educational and instructional tool as much as it is a creative exploration of how we have sex.

Sex Changes Christine Benvenuto,2012-11-13 What do you do when the other woman is your husband? A wife's memoir of her husband's sex change Christine Benvenuto had been married for more than twenty years—with three young children—when her husband turned to her one night in bed and said I'm thinking constantly about my gender. He was unhappy in his body and wanted to become a woman. Part memoir, part voyeur's look into a marriage, *Sex Changes* is a journey through the end of a marriage and out the other side. We see a woman, desperate to save her family and shelter her children, discover a well of strength and resilience she never knew she had. We learn what to tell the neighbors when your husband starts wearing heels with his shirts and ties. We see a woman open herself to a group of friends who travel with her through her darkest times, provide light and levity throughout—and who offer the opportunity to learn how to give as well as receive the love and support of true friendship. When she lost her husband to skirts and hormones, life made Chris a better woman. *Sex Changes* is the story of what one woman discovered about herself in the midst of the conflagration of her family. Fiercely funny, self-lacerating, and not entirely politically correct, *Sex Changes* is a journey of love and anguish told with hilarity, heartbreak and a lot of soul searching. It is about the mysteries in every marriage, the secrets we chose to keep, and the freedom that the truth can bring.

State of Nordic Fathers Cederström, Carl,2019-11-13 Fatherhood norms have changed considerably in the Nordic countries over the past decades. The sight of a father pushing his baby in a pram is no longer rare, and parental leave is no longer for mothers only. Yet parental leave is still not shared equally, despite parents having the right. Nordic fathers only use 10-30 percent of the total leave. *State of Nordic Fathers* examines why; and identifies possible avenues to increase fathers' share of childcare and leave. 10 key findings reveal that fathers' involvement is a key to gender equality and fathers who have taken long leave distinguish themselves in many respects from those who took none. *State of Nordic Fathers* is based on a survey capturing the attitudes of 7515 men and women, mostly parents, in Denmark, Finland, Iceland, Norway and Sweden, on childcare work, parental leave, masculinity norms, and workplace and family relationships.

How To Set Up An FLR Georgia Green,2013-06-06 'How To Set Up An FLR' is a straight forward, no nonsense book that tells it like it is. Georgia Ivey Green (also known as Mistress Ivey) tells her readers the truth about Female Led Relationships

instead of feeding their fantasies like so many others have done in the past. She talks about real life and how to implement a female led relationship that fits you in real life, not in some fantasy you may have picked up from the Internet. Couples gain the knowledge to avoid common pitfalls and ease into an FLR where both parties can feel comfortable. She takes the fantasy out and puts the reality in. 'How To Set Up An FLR' was originally a highly successful ebook for your favorite e-reader. Now it is available in paperback so you can hold it in your hand, write comments and notes in the margins, or quickly access any page for the information you need. There are many sections that you will want to refer back to for years to come. This book is invaluable to those wishing to establish a successful female led relationship. It will guide couples just starting out as well those who may have tried to set up an FLR before and failed. It covers such things as approaching your partner, creating an agreement, limits, and, yes, even cuckolding. If you have ever thought about converting your relationship to an FLR, then you really ought to read this book first. It could save your relationship.

Health as Expanding Consciousness Margaret A. Newman,1999-09 For the author of this book, disease is not an enemy that strikes a victim. Rather, health and disease comprise a unitary whole of individual and environment. Health as Expanding Consciousness is an inspiration to those seeking a full experience of personal health.

The Ape that Understood the Universe Steve Stewart-Williams,2019-11-21 The Ape that Understood the Universe is the story of the strangest animal in the world: the human animal. It opens with a question: How would an alien scientist view our species? What would it make of our sex differences, our sexual behavior, our altruistic tendencies, and our culture? The book tackles these issues by drawing on two major schools of thought: evolutionary psychology and cultural evolutionary theory. The guiding assumption is that humans are animals, and that like all animals, we evolved to pass on our genes. At some point, however, we also evolved the capacity for culture - and from that moment, culture began evolving in its own right. This transformed us from a mere ape into an ape capable of reshaping the planet, travelling to other worlds, and understanding the vast universe of which we're but a tiny, fleeting fragment. Featuring a new foreword by Michael Shermer.

Mahabharat's Stories Seema Bharti,2018-06-15 I travel with time back and forth I witness the rise and fall of kings Humans become big and small with their deeds irrespective of their birth What is created is bound to perish with time All is left behind are lessons to be learnt. Pandavs are a set of five step-brothers married to the same woman, Draupadi. She is the most powerful female character and becomes the pivot point of the battle. The brothers are led by Arjun, who is one of them. Krishna is the mentor who grooms his protégé Arjun for the battle against injustice. While Arjun is reluctant and guilt ridden to fight relations for the sake of a kingdom, Krishna explains to him his duty as a warrior and human being.

Feminist Disability Studies Kim Q. Hall,2011-10-24 The essays in this volume are contributions to feminist disability studies. The essays constitute an interdisciplinary dialogue regarding the meaning of feminist disability studies and the implications of its insights regarding identity, the body, and experience.

Diagnosing Desire Alyson K. Spurgas, 2020 Examines how low female desire is produced, embedded, and lived within neoliberal capitalism. Rethinks 'femininity' by investigating sex research that measures the disconnect between subjective and genital female arousal, contemporary psychiatric diagnoses for low female desire, and new models for understanding women's sexual response--

Detransition, Baby Torrey Peters, 2021-01-12 NATIONAL BESTSELLER • The lives of three women—transgender and cisgender—collide after an unexpected pregnancy forces them to confront their deepest desires in “one of the most celebrated novels of the year” (Time) “Reading this novel is like holding a live wire in your hand.”—Vulture One of the New York Times’s 100 Best Books of the 21st Century Named one of the Best Books of the Year by more than twenty publications, including The New York Times Book Review, Entertainment Weekly, NPR, Time, Vogue, Esquire, Vulture, and Autostraddle PEN/Hemingway Award Winner • Finalist for the Lambda Literary Award, the National Book Critics Circle Award, and the Gotham Book Prize • Longlisted for The Women’s Prize • Roxane Gay’s Audacious Book Club Pick • New York Times Editors’ Choice Reese almost had it all: a loving relationship with Amy, an apartment in New York City, a job she didn't hate. She had scraped together what previous generations of trans women could only dream of: a life of mundane, bourgeois comforts. The only thing missing was a child. But then her girlfriend, Amy, detransitioned and became Ames, and everything fell apart. Now Reese is caught in a self-destructive pattern: avoiding her loneliness by sleeping with married men. Ames isn't happy either. He thought detransitioning to live as a man would make life easier, but that decision cost him his relationship with Reese—and losing her meant losing his only family. Even though their romance is over, he longs to find a way back to her. When Ames's boss and lover, Katrina, reveals that she's pregnant with his baby—and that she's not sure whether she wants to keep it—Ames wonders if this is the chance he's been waiting for. Could the three of them form some kind of unconventional family—and raise the baby together? This provocative debut is about what happens at the emotional, messy, vulnerable corners of womanhood that platitudes and good intentions can't reach. Torrey Peters brilliantly and fearlessly navigates the most dangerous taboos around gender, sex, and relationships, gifting us a thrillingly original, witty, and deeply moving novel.
