Thirteen Lessons that Saved Thirteen Lives John Volanthen, 2021-05-11 READ ABOUT THE HEROIC RESCUE, AS SEEN IN RON HOWARD'S THIRTEEN LIVES, FROM THE MAN AT THE HEART OF THE SEARCH. 'A profound and thrilling read.' —COLIN FARRELL 'Riveting...a powerful story written by a hero who lived it.' —RON HOWARD, Oscar-winning director of *Apollo 13* This is the thrilling account of the dramatic Thai cave rescue which saved the lives of thirteen people, from the diver who led the rescue. In this first-hand account, John Volanthen reveals how he pushed the limits of human endurance in the life-or-death mission to rescue the Thai youth soccer team trapped in the flooded cave. The world held its breath in 2018 when the Wild Boars soccer team and their coach went missing deep underground in the Tham Luang cave complex in northern Thailand. They had been stranded by sudden, continuous monsoon rains while exploring the caves after practice. With torrential rain pouring down and the waters still on the rise, an army of rescue teams and equipment was deployed, including Thai Navy SEALs, a US Air Force special tactics squadron, police sniffer dogs, drones and robots. But it was British cave diver John Volanthen and his partner, Rick Stanton, who were first to reach the stranded team and who played a key role in their ultimate rescue. As John's light flickered from one boy to another, he called out, 'How many of you?' 'Thirteen,' a

boy answered. After 10 days trapped in desperate darkness, the boys and their coach were all alive. Each chapter of *Thirteen Lessons that Saved Thirteen Lives* tells one part of the edge-of-your-seat mission from Tham Luang but also imparts a life lesson, gleaned from John's previous rescues and record-breaking cave dives, that can be applied to everyday obstacles and challenges. In this story of breathtaking courage and nerves of steel, John reveals how responding positively to the statement, 'But I can't...' by stating, 'I can,' led to one of the most incredible rescues of all time. He hopes that his story will inspire the superhero in you. Meanwhile, he is always on standby for the next rescue.

The Cave Michela Montgomery, 2015-04-07 Six Stanford students journey into one of the deepest and longest caves in North America. A day into their journey, a nuclear war begins from within the U.S. Unable to return to the surface, and unsure what they will find when they do, the Cave will test the strength and survival of each person differently - transforming six individuals into a team, and ultimately...a family.

The Boys in the Cave Matt Gutman, 2018-11-13 From award-winning ABC News Chief National Correspondent Matt Gutman, and written using exclusive interviews and information comes the definitive account of the dramatic story that gripped the world: the miracle rescue of twelve boys and their soccer coach trapped in a flooded cave miles underground for nearly three weeks—a pulse-pounding page-turner by a reporter who was there every step of their journey out. After a practice in June 2018, a Thai soccer coach took a dozen of his young players to explore a famous but flood-prone cave. It was one of the boys' birthday, but neither he nor the dozen resurfaced. Worried parents and rescuers flocked to the mouth of a cave that seemed to have swallowed the boys without a trace. Ranging in age from eleven to sixteen, the boys were all members of the Wild Boars soccer team. When water unexpectedly inundated the cave, blocking their escape, they retreated deeper inside, taking shelter in a side cavern. While the world feared them dead, the thirteen young souls survived by licking the condensation off the cave's walls, meditating, and huddling together for warmth. In this thrilling account, ABC News Chief National Correspondent Matt Gutman recounts this amazing story in depth and from every angle, exploring their time in the cave, the failed plans and human mistakes that nearly doomed them, and the daring mission that ultimately saved them. Gutman introduces the elite team of volunteer divers who risked death to execute a plan so risky that its American planners admitted, "for us, success would have meant getting just one boy out alive." He takes you inside the meetings where life and death decisions were grimly made and describes how these heroes pulled off an improbable rescue under immense pressure, with the boys' desperate parents and the entire world watching. One of the largest rescues in history was in doubt until the very last moment. Matt Gutman covered the story intensively, went deep inside the caves himself, and interviewed dozens of rescuers, experts and eye-witnesses around the world. The result is this pulse-pounding page-turner that vividly recreates this extraordinary event in all its intensity—and documents the ingenuity and sacrifice it took to succeed.

The Great Cave Rescue James Massola,2019-10-03 First came the awful news that 12 boys and their football coach were missing. Then came the flickering video of the boys found by a pair of British divers nine days later. Monsoon rains had raised the water level in the cave system, and they were trapped in an air pocket, surrounded by rising muddy water, over two kilometres from the cave entrance. Expert British, Australian, American, Chinese, and other international divers joined the Thai Navy SEALs and hundreds of local volunteers to mount one of the most risky and complex rescue operations the world has ever seen. South-east Asia correspondent James Massola recreates the drama, tension, and inspiration of the days in July 2018 when the eyes of the whole world were trained on a remote Thai mountain. Very little information about what happened inside the cave was released by the Thai authorities at the time, but through interviews Massola has managed to obtain extensive details of the nine long days the Wild Boars were on their own and during the rescue operation itself as well as background information about the boys and coach. He writes about the pivotal role of the British Cave Rescue Council in leading the international effort, and determining the technical aspects of the rescue. He reveals how the Thai, British, US, Australian and other international divers worked together so smoothly, when even a minor miscommunication could have resulted in death or serious injury. And, most dramatically, he discloses the number of instances in which the rescue operation nearly went wrong.

All Thirteen: The Incredible Cave Rescue of the Thai Boys' Soccer Team Christina Soontornvat,2020-10-13 A unique account of the amazing Thai cave rescue told in a heart-racing, you-are-there style that blends suspense, science, and cultural insight. On June 23, 2018, twelve young players of the Wild Boars soccer team and their coach enter a cave in northern Thailand seeking an afternoon's adventure. But when they turn to leave, rising floodwaters block their path out. The boys are trapped! Before long, news of the missing team spreads, launching a seventeen-day rescue operation involving thousands of rescuers from around the globe. As the world sits vigil, people begin to wonder: how long can a group of ordinary kids survive in complete darkness, with no food or clean water? Luckily, the Wild Boars are a very extraordinary ordinary group. Combining firsthand interviews of rescue workers with in-depth science and details of the region's culture and religion, author Christina Soontornvat—who was visiting family in Northern Thailand when the Wild Boars went missing—masterfully shows how both the complex engineering operation above ground and the mental struggles of the thirteen young people below proved critical in the life-or-death mission. Meticulously researched and generously illustrated with photographs, this page-turner includes an author's note describing her experience meeting the team, detailed source notes, and a bibliography to fully immerse readers in the most ambitious cave rescue in history.

The Death of Bunny Munro Nick Cave,2009-09-03 The Death of Bunny Munro recounts the last journey of a salesman in search of a soul. Following the suicide of his wife, Bunny, a door-to-door salesman and lothario, takes his son on a trip along the south coast of England. He is about to discover that his days are numbered. With a daring hellride of a plot The Death of Bunny Munro is also a modern morality tale of sorts, a stylish, furious, funny, truthful and tender account of one man's descent and judgement. The novel is full of the linguistic verve that has made Cave one of the world's most respected lyricists. It is his first novel since the publication of his critically acclaimed debut *And the Ass Saw the Angel* twenty years ago.

Or What You Will Jo Walton,2020-07-07 Or What You Will is an utterly original novel about how stories are brought forth from Hugo, Nebula, and World Fantasy Award-winning author Jo Walton. He has been too many things to count. He has been a dragon with a boy on his back. He has been a scholar, a warrior, a lover, and a thief. He has been dream and dreamer. He has been a god. But "he" is in fact nothing more than a spark of idea, a character in the mind of Sylvia Harrison, 73, award-winning author of thirty novels over forty years. He has played a part in most of those novels, and in the recesses of her mind, Sylvia has conversed with him for years. But Sylvia won't live forever, any more than any human does. And he's trapped inside her cave of bone, her hollow of skull. When she dies, so will he. Now Sylvia is starting a new novel, a fantasy for adult readers, set in Thalia, the Florence-resembling imaginary city that was the setting for a successful YA trilogy she published decades before. Of course he's got a part in it. But he also has a notion. He thinks he knows how he and Sylvia can step off the wheel of mortality altogether. All he has to do is convince her. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Trapped Michael Northrop,2011-12-15 The day the blizzard started, no one knew that it was going to keep snowing for a week. That for those in its path, it would become not just a matter of keeping warm, but of staying alive . . . Scotty and his friends are among the last seven kids at their high school waiting to get picked up that day, and they soon realize that no one is coming for them. Still, it doesn't seem so bad to spend the night at school, especially when Krista and Julie are sleeping just down the hall. But then the power goes out, then the heat. The pipes freeze, and the roof shudders. As the days add up, the snow piles higher, and the empty halls grow colder and darker, the mounting pressure forces a devastating decision . . .

Leepike Ridge N. D. Wilson,2008-07-22 Before he wrote the bestselling 100 Cupboards trilogy and Ashtown Burials series, N. D. Wilson delighted readers with his first unforgettable action-adventure story of survival. . . . Thomas Hammond has always lived next to Leepike Ridge, but he never imagined he might end up lost beneath it! The night Tom's

schoolteacher comes to dinner and asks Tom's mother to marry him, Tom slips out of the house and escapes down a nearby stream on a floating slab of packing foam. The night and stars lull Tom to sleep, and when he wakes, he has ridden his foam raft all the way to the ridge, where the stream dives underground. Flung over rapids and tossed through chasms, Tom finally hits shore, sore but alive. What Tom finds under Leepike Ridge—a dog, a flashlight, a castaway, a tomb, and buried treasure—will answer questions he hadn't known to ask, and change his life forever. Now, if only he can find his way home again. . . . In the grand tradition of Robinson Crusoe, Hatchet, and Tom Sawyer, N. D. Wilson's first book for young readers is a remarkable adventure, a journey through the dark and back into the light. A New York Public Library 100 Titles for Reading and Sharing "This is a ripping good adventure yarn. . . . Here's the perfect remedy for any summer that's been disappointingly short on thrills."—The Bulletin of the Center for Children's Books, Starred "Wilson's debut is a literate, sometimes humorous page-turner in the classic tradition. Well-read adventure lovers are in for a treat looking for echoes of The Odyssey and Tom Sawyer."—Kirkus Reviews "Tom's adventures have several literary ancestors, including Tom and Huck in the cave, and the inventive Swiss Family Robinson, but this is solidly set in the present, standing on its own with well-crafted suspense and fascinating survival detail. . . . [M]iddle-grade readers will also relish the physicality of the journey: underwater swims, tight passages, and rock climbing. . . . [An] appealing and easy-to-booktalk package."—Booklist "Wilson sets the scene vividly, from Tom's home to the labyrinth of tunnels and caverns under the mountain, and the central characters' emotional lives develop both naturally and affectingly. [Readers] will appreciate both the fast-paced adventure and Tom's determination to make the impossible journey back home."—The Horn Book Magazine "Wilson's rich imagination and his quirky characters are a true delight."—School Library Journal

Rising Water Marc Aronson, 2019-03-19 The incredible true story of the twelve boys trapped with their coach in a flooded cave in Thailand and their inspiring rescue—as seen in Ron Howard's *Thirteen Lives*. On June 23, 2018, twelve members of the Wild Boars soccer team and their coach were exploring the Tham Luang cave complex in northern Thailand when disaster struck. A rainy season downpour flooded the tunnels, trapping them as they took shelter on a shelf of the dark cave. Eight days of searching yielded no signs of life, but on July 2 they were discovered by two British divers. The boys and their coach were eventually rescued in an international operation that took three days. What could have been a terrible tragedy became an amazing story of survival. Award-winning author Marc Aronson brings us the backstory behind how this astounding rescue took place. *Rising Water* highlights the creative thinking and technology that made a successful mission possible by examining the physical, environmental, and psychological factors surrounding the rescue. From the brave Thai Navy SEAL who lost his life while placing oxygen tanks along the passageways of the cave, to the British divers that ultimately swam the boys to safety, to the bravery of the boys and their coach, this is the breathtaking rescue that captivated the entire world.

Into the Planet Jill Heinerth,2019-08-20 The renowned cave diver takes readers on “a thrill ride into unfamiliar worlds”—exploring the hidden depths of our oceans and sunken caves (Publishers Weekly). More people have died exploring underwater caves than climbing Mount Everest, and we know more about deep space than we do about the depths of our oceans. In this thrilling firsthand account, Jill Heinerth blends science, adventure, and memoir to bring readers face-to-face with the terror and beauty of earth’s final frontier—and the extremes of human capability. One of the world’s foremost cave divers, Heinerth’s achievements include leading a team that discovered the ancient watery remains of Mayan civilizations and becoming the first person in history to dive deep into an Antarctic iceberg. In *Into the Planet*, she vividly recounts everything from discovering new species and examining our finite freshwater reserves to the prejudices women face when pursuing careers underwater.

Aquanaut Rick Stanton,2021-06-10 THE ENTHRALLING INSIDE STORY OF THE THAI CAVE RESCUE NOW CHRONICLED IN NATIONAL GEOGRAPHIC HIT DOCUMENTARY THE RESCUE WRITTEN BY THE MAN AT THE HEART OF THE MISSION 'The British divers are all heroes' Clive Cussler 'A case study in courage' Ron Howard, Oscar-winning director of *Apollo 13* _____ 'They were utterly alone inside the mountain, isolated from the rest of the world. They might as well have been on another planet . . .' In July 2018, twelve boys and their football coach disappeared into Tham Luang Cave in Thailand. Trapped miles beneath the surface, not even the Thai Navy SEALs had the skills to bring them to safety. With the floodwater rising rapidly, time was running out . . . Any hope of survival rested on Rick Stanton, a retired Midlands firefighter with a living room full of homemade cave-diving equipment. As unlikely as it seemed, to those in the know, Rick and his partner, John Volanthen, were regarded as the A-team for exactly this kind of mission. The Thai Cave Rescue was the culmination of a lifelong obsession, requiring every ounce of skill and ingenuity accumulated by Rick over a four decade pursuit of the unknown. While the world held its breath, Rick, John and their assembled team raced against time in the face of near impossible odds. There was simply no precedent for what they were attempting to do . . . In *Aquanaut* Rick reveals the real story of the cave rescue for the first time. And of a life lived without compromise in which any mistake could have been his last.
