Ask a Manager Alison Green, 2018-05-01 'I'm a HUGE fan of Alison Green's Ask a Manager column. This book is even better' Robert Sutton, author of *The No Asshole Rule* and *The Asshole Survival Guide* 'Ask A Manager is the book I wish I'd had in my desk drawer when I was starting out (or even, let's be honest, fifteen years in)' - Sarah Knight, New York Times bestselling author of *The Life-Changing Magic of Not Giving a F*ck* A witty, practical guide to navigating 200 difficult professional conversations Ten years as a workplace advice columnist has taught Alison Green that people avoid awkward conversations in the office because they don't know what to say. Thankfully, Alison does. In this incredibly helpful book, she takes on the tough discussions you may need to have during your career. You'll learn what to say when: · colleagues push their work on you - then take credit for it · you accidentally trash-talk someone in an email and hit 'reply all' · you're being micromanaged - or not being managed at all · your boss seems unhappy with your work · you got too drunk at the Christmas party With sharp, sage advice and candid letters from real-life readers, *Ask a Manager* will help you successfully navigate the stormy seas of office life.

The Things They Carried Tim O'Brien, 2009-10-13 A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

A Historical Review and Analysis of Army Physical Readiness Training and Assessment Whitfield East, 2013-12 The Drillmaster of Valley Forge-Baron Von Steuben-correctly noted in his Blue Book how physical conditioning and health (which he found woefully missing when he joined Washington's camp) would always be directly linked to individual and unit discipline, courage in the fight, and victory on the battlefield. That remains true today. Even an amateur historian, choosing

any study on the performance of units in combat, quickly discovers how the levels of conditioning and physical performance of Soldiers is directly proportional to success or failure in the field. In this monograph, Dr. Whitfield Chip East provides a pragmatic history of physical readiness training in our Army. He tells us we initially mirrored the professional Armies of Europe as they prepared their forces for war on the continent. Then he introduces us to some master trainers, and shows us how they initiated an American brand of physical conditioning when our forces were found lacking in the early wars of the last century. Finally, he shows us how we have and must incorporate science (even when there exists considerable debate!) to contribute to what we do-and how we do it-in shaping today's Army. Dr. East provides the history, the analysis, and the pragmatism, and all of it is geared to understanding how our Army has and must train Soldiers for the physical demands of combat. Our culture is becoming increasingly "unfit, due to poor nutrition, a lack of adequate and formal exercise, and too much technology. Still, the Soldiers who come to our Army from our society will be asked to fight in increasingly complex and demanding conflicts, and they must be prepared through new, unique, and scientifically based techniques. So while Dr. East's monograph is a fascinating history, it is also a required call for all leaders to better understand the science and the art of physical preparation for the battlefield. It was and is important for us to get this area of training right, because getting it right means a better chance for success in combat.

Special Air Warfare and the Secret War in Laos Air University Press, Joseph D Celeski, 2019-07-02 The story of special air warfare and the Air Commandos who served for the ambassadors in Laos from 1964 to 1975 is captured through extensive research and veteran interviews. The author has meticulously put together a comprehensive overview of the involvement of USAF Air Commandos who served in Laos as trainers, advisors, and clandestine combat forces to prevent the communist takeover of the Royal Lao Government. This book includes pictures of those operations, unveils what had been a US government secret war, and adds a substantial contribution to understanding the wider war in Southeast Asia.

Training (ADP 7-0) Headquarters Department of the Army, 2019-09-27 Training prepares the Army to conduct prompt and sustained operations across multiple domains. In concert with ADP 3-0, Operations, ADP 7-0 further articulates the Army's foundational training doctrine as leaders and units prepare to conduct unified land operations. The factors in the logic chart on page iv combined with the changing nature of technology and continuously developing asymmetric threats make training challenging. The principal audience for this publication is Army commanders and staffs. Commanders and staffs of Army headquarters serving as joint task force or multinational headquarters should refer to applicable joint or multinational doctrine concerning joint or multinational planning.

Army Leadership Department of the Army,2012-09-15 Competent leaders of character are necessary for the Army to meet the challenges in the dangerous and complex security environment we face. As the keystone leadership manual for the United States Army, FM 6-22 establishes leadership doctrine, the fundamental principles by which Army leaders act to accomplish their mission and care for their people. FM 6-22 applies to officers, warrant officers, noncommissioned officers, and enlisted Soldiers of all Army components, and to Army civilians. From Soldiers in basic training to newly commissioned officers, new leaders learn how to lead with this manual as a basis. FM 6-22 is prepared under the direction of the Army Chief of Staff. It defines leadership, leadership roles and requirements, and how to develop leadership within the Army. It outlines the levels of leadership as direct, organizational, and strategic, and describes how to lead successfully at each level. It establishes and describes the core leader competencies that facilitate focused feedback, education, training, and development across all leadership levels. It reiterates the Army Values. FM 6-22 defines how the Warrior Ethos is an integral part of every Soldier's life. It incorporates the leadership qualities of self-awareness and adaptability and describes their critical impact on acquiring additional knowledge and improving in the core leader competencies while operating in constantly changing operational environments. In line with evolving Army doctrine, FM 6-22 directly supports the Army's capstone manuals, FM 1 and FM 3-0, as well as keystone manuals such as FM 5-0, FM 6-0, and FM 7-0. FM 6-22 connects Army doctrine to joint doctrine as expressed in the relevant joint doctrinal publications, JP 1 and JP 3-0. As outlined in FM 1, the Army uses the shorthand expression of BE-KNOW-DO to concentrate on key factors of leadership. What leaders DO emerges from who they are (BE) and what they KNOW. Leaders are prepared throughout their lifetimes with respect to BE-KNOW-DO so they will be able to act at a moment's notice and provide leadership for whatever challenge they may face. FM 6-22 expands on the principles in FM 1 and describes the character attributes and core competencies required of contemporary leaders. Character is based on the attributes central to a leader's make-up, and competence comes from how character combines with knowledge, skills, and behaviors to result in leadership. Inextricably linked to the inherent qualities of the Army leader, the concept of BE-KNOW-DO represents specified elements of character, knowledge, and behavior described here in FM 6-22.

Our Island Story H.E. Marshall,2008-12-22 Just over a century ago, Our Island Story entranced a nation's children by telling their history in stories. Short, simply written chapters, packed with living characters and thrilling action - and

illustrated with vivid colour pictures - illuminate all the main events from Britain's earliest days to the end of Victoria's reign. And its glorious fusion of myth and legend with sober fact - Canute and King Arthur with Cromwell and the Indian Mutiny - is as seductive now as it ever was. 'I was given H.E. Marshall's Our Island Story at Christmas 1936 and I've still got that copy. It was a direct inspiration for me in my career as a historian' Antonia Fraser 'It is written in a way that really captured my imagination and which nurtured my interest in the history of our great nation' David Cameron 'One of the most influential works of history of the 20th century' Times Educational Supplement

Work in the 21st Century Frank J. Landy,Jeffrey M. Conte,2012-12-26 This book retains the accessibility of the previous editions while incorporating the latest research findings, and updated organizational applications of the principles of I-O psychology. The scientist-practitioner model continues to be used as the philosophical cornerstone of the textbook. The writing continues to be topical, readable, and interesting. Furthermore, the text includes additional consideration of technological change and the concomitant change in the reality of work, as well as keeps and reinforces the systems approach whenever possible, stressing the interplay among different I-O psychology variables and constructs.

Collective Memory and Dutch East Indies DOOLAN,2021-09-27 This book examines the afterlife of decolonization in the collective memory of the Netherlands. It offers a new perspective on the cultural history of representing the decolonization of the Dutch East Indies, and maps out how a contested collective memory was shaped. Taking a transdisciplinary approach and applying several theoretical frames from literary studies, sociology, cultural anthropology and

film theory, the author reveals how mediated memories contributed to a process of what he calls unremembering. He analyses in detail a broad variety of sources, including novels, films, documentaries, radio interviews, memoirs and historical studies, to reveal how five decades of representing and remembering decolonization fed into an unremembering by which some key notions were silenced or ignored. The author concludes that historians, or the historical guild, bear much responsibility for the unremembering of decolonization in Dutch collective memory.
