**Administrative Law and Judicial Review in Papua New Guinea** Christopher Karaiye, 2019-06-18 This is a compendium of administrative law and judicial review in Papua New Guinea. In this book the author precisely recounts the history of the development of administrative law and judicial review in England and some other common law jurisdictions. The main theme of the book is, however, devoted to judicial review in Papua New Guinea. The practice and procedure for appealing from the decision of the National Court in judicial review are unique and onerous. This book evaluates them in detail to give the readers a complete sense of reference. The interlocutory procedures encapsulated in this book are also relevant for any proceeding before the courts. At the end of various chapters, the author makes some insightful and thought-provoking commentaries on gaps found in judicial review. The book is an authoritative text for lawyers, law students, academia, judicial officers and other interested persons alike. It is a must read for lawyers and law students who seek to be familiar with the often cumbersome judicial review procedures and practices. For students and scholars in other disciplines who aim to learn and abreast themselves of how administrative law affects administrative action and public policy, this book is a perfect choice. The book dissects complex administrative law concepts and enables lay persons, including those in the public service, to fully understand and apply them. The book is a valuable resource material for the Pacific Island countries like Fiji, Vanuatu and Solomon Islands, who have adopted the common law legal systems similar to Papua New Guinea. BOOK REVIEWS "The author collates, culls and compiles one important material for use by judicial officers and practitioners in the area of judicial review." - Leslie Mamu, LL.B, Acting Public Solicitor, Papua New Guinea, 18 February 2018, Port Moresby, PNG "This welcome new book by Christopher Karaiye is essential reading for all lawyers practising in the busy area of

Judicial Review in PNG and also students of the topic. It is a well-researched and presented work and will be a worthy addition to my administrative law library.” - Terry Lambert, LL.B, LL.M, Barrister (Queensland, Australia), Lawyer (PNG), Solicitor (England & Wales), 7 June 2018, Brisbane, Australia “The book “Administrative Law and Judicial Review in Papua New Guinea” is a must read for lawyers and public alike involved in the judicial review of administrative decisions. The book contains a comprehensive guide to an increasingly important yet quite complex area of law. The author draws from his own experience and research to make this important contribution to the development of Papua New Guinea’s expanding judicial review jurisprudence. This work is essential reading to understand the nuances involved in this area of law.” - Dr Vergil Narokobi, LL.B, LL.M, Ph.D, Counsel for the Papua New Guinea Ombudsman Commission & President of Papua New Guinea Law Society, 25 June 2018, Port Moresby, PNG “This work is of very high quality and would be a very valuable tool for judges, magistrates, lawyers, the academia, and people in decision-making positions in the public and the private sectors. I recommend the book to them. I am impressed with your comprehensive use of local case precedents and in-depth knowledge of the topics.” - Honourable Sir Gibbs Salika, KBE CSM OBE, Deputy Chief Justice of Papua New Guinea (as he then was), 4 July 2018, Port Moresby, PNG “An extensive, thought-provoking and easy to read compendium that makes accessible the law of Papua New Guinea on the topic of judicial review in its many guises.” - Emeritus Professor Tony Angelo (Victoria University of Wellington), QC, 7 October 2018, Wellington, New Zealand

Dicey, 1985-09-30 A starting point for the study of the English Constitution and comparative constitutional law, *The Law of the Constitution* elucidates the guiding principles of the modern constitution of England: the legislative sovereignty of Parliament, the rule of law, and the binding force of unwritten conventions.

**The Province of Administrative Law** Michael Taggart, 1997-06-01 During the past decade, administrative law has experienced remarkable development. It has consistently been one of the most dynamic and potent areas of legal innovation and of judicial activism. It has expanded its reach into an ever broadening sphere of public and private activities. Largely through the mechanism of judicial review, the judges in several jurisdictions have extended the ambit of the traditional remedies, partly in response to a perceived need to fill an accountability vacuum created by the privatisation of public enterprises, the contracting-out of public services, and the deregulation of industry and commerce. The essays in this volume focus upon these and other shifts in administrative law, and in doing so they draw upon the experiences of several

jurisdictions: the UK, the US, Canada, Australia and New Zealand. The result is a wide-ranging and forceful analysis of the scope, development and future direction of administrative law.

**The Spirit of Laws** Charles de Secondat baron de Montesquieu, 1886

**The Oxford Handbook of Comparative Law** Mathias Reimann, Reinhard Zimmermann, 2019-03-26 This fully revised and updated second edition of The Oxford Handbook of Comparative Law provides a wide-ranging and diverse critical survey of comparative law at the beginning of the twenty-first century. It summarizes and evaluates a discipline that is time-honoured but not easily understood in all its dimensions. In the current era of globalization, this discipline is more relevant than ever, both on the academic and on the practical level. The Handbook is divided into three main sections. Section I surveys how comparative law has developed and where it stands today in various parts of the world. This includes not only traditional model jurisdictions, such as France, Germany, and the United States, but also other regions like Eastern Europe, East Asia, and Latin America. Section II then discusses the major approaches to comparative law - its methods, goals, and its relationship with other fields, such as legal history, economics, and linguistics. Finally, section III deals with the status of comparative studies in over a dozen subject matter areas, including the major categories of private, economic, public, and criminal law. The Handbook contains forty-eight chapters written by experts from around the world. The aim of each chapter is to provide an accessible, original, and critical account of the current state of comparative law in its respective area which will help to shape the agenda in the years to come. Each chapter also includes a short bibliography referencing the definitive

works in the field.

**The Rule of Law and the Separation of Powers** Richard Bellamy, 2017-07-05 The rule of law is frequently invoked in political debate, yet rarely defined with any precision. Some employ it as a synonym for democracy, others for the subordination of the legislature to a written constitution and its judicial guardians. It has been seen as obedience to the duly-recognised government, a form of governing through formal and general rule-like laws and the rule of principle. Given this diversity of view, it is perhaps unsurprising that certain scholars have regarded the concept as no more than a self-congratulatory rhetorical device. This collection of eighteen key essays from jurists, political theorists and public law political scientists, aims to explore the role law plays in the political system. The introduction evaluates their arguments. The first eleven essays identify the standard features associated with the rule of law. These are held to derive less from any characteristics of law per se than from a style of legislating and judging that gives equal consideration to all citizens. The next seven essays then explore how different ways of separating and dispersing power contribute to this democratic style of rule by forcing politicians and judges alike to treat people as equals and regard none as above the law.

*Judicial Review of Administrative Discretion in the Administrative State* Jurgen de Poorter, Ernst Hirsch Ballin, Saskia Lavrijssen, 2019-06-07 This book deals with one of the greatest challenges for the judiciary in the 21st century. It reflects on the judiciary's role in reviewing administrative discretion in the administrative state; a role that can no longer solely be understood from the traditional doctrine of the Trias Politica. Traditionally, courts review acts of administrative bodies implying a degree of discretion with quite some restraint. Typically it is reviewed whether the decision is non-arbitrary or whether there is no manifest error of assessment. The question arises though as to whether the concern regarding ensuring the non-arbitrary character of the exercise of administrative power, which is frequently performed at a distance from political bodies, goes far enough to guarantee that the administration exercises its powers in a legitimate way. This publication searches for new modes of judicial review of administrative discretion exercised in the administrative state. It links state-of-the-art academic research on the role of courts in the administrative state with the daily practice of the higher and lower administrative courts struggling with their position in the evolving administrative state. The book concludes that with the changing role and forms of the administrative state, administrative courts across the world and across sectors are in the process of reconsidering their roles and the appropriate models of judicial review. Learning from the experiences in different sectors and jurisdictions, it provides theoretical and empirical foundations for reflecting on the advantages and disadvantages of different models of review, the constitutional consequences and the main questions that deserve further research and debate. Jurgen de Poorter is professor of administrative law at Tilburg University and deputy judge in the District Court of The Hague. Ernst Hirsch Ballin is distinguished university professor at Tilburg University, professor in human rights law at the University of Amsterdam, and president of the T.M.C. Asser Institute for International and European

Law. He is also a member of the Scientific Council for Government policy (WRR). Saskia Lavrijssen is professor of Economic Regulation and Market Governance of Network Industries at Tilburg University.
