**Letters to Alice** Fay Weldon, 2011-03-31 Alice is an eighteen-year-old student and aspiring novelist with green spiky hair, a child of the modern age who recoils at the idea of reading Jane Austen. In a sequence of letters reminiscent of Jane Austen's to her own niece, 'aunt' Fay examines the rewards of such study. Not only is her correspondence a revealing tribute to a great writer - it is also an original and rewarding exploration of the craft of fiction itself.

*Cyrano de Bergerac* Edmond de Rostand, 2024-05-27 On December 27, 1897, *Cyrano de Bergerac* premiered in Paris with resounding success. The play, freely inspired by the life and work of the libertine writer Savinien de Cyrano de Bergerac (1619-1655), became one of the most popular works in French theater and the most famous work of its author, Edmond Rostand. It has also been adapted into numerous and award-winning film versions. Theater critics say that the success of *Cyrano de Bergerac* is mainly due to its conversion into a popular symbol, embodying the ideal of the people by presenting a man who despises the powerful, is courageous, noble in sentiment, sensitive, and capable of sacrificing himself for others' happiness. The undeniable fact is that *Cyrano*, in its multiple versions, has captivated millions of people worldwide. It is a timeless work that undoubtedly deserves to be seen and read.

**Being Brought from Africa to America - The Best of Phillis Wheatley** Phillis Wheatley, 2020-07-31 Phillis Wheatley (c. 1753-1784) was an American freed slave and poet who wrote the first book of poetry by an African-American. Sold into a slavery in West Africa at the age of around seven, she was taken to North America where she served the Wheatley family of Boston. Phillis was tutored in reading and writing by Mary, the Wheatleys' 18-year-old daughter, and was reading Latin and Greek classics from the age of twelve. Encouraged by the progressive Wheatleys who recognised her incredible literary talent, she wrote "To the University of Cambridge" when she was 14 and by 20 had found patronage in the form of Selina Hastings, Countess of Huntingdon. Her works garnered acclaim in both England and the colonies and she became the first African American to make a living as a poet. This volume contains a collection of Wheatley's best poetry, including the titular poem "Being Brought from Africa to America". Contents include: "Phillis Wheatley", "Phillis Wheatley by Benjamin Brawley", "To Maecenas", "On Virtue", "To the University of Cambridge", "To the King's Most Excellent Majesty", "On Being Brought from Africa to America", "On the Death of the Rev. Dr. Sewell", "On the Death of the Rev. Mr. George Whitefield", etc. Ragged Hand is proudly publishing this brand new collection of classic poetry with a specially-commissioned biography of the

author.

**Dreaming in Cuban** Cristina García, 2011-06-08 “Impressive . . . [Cristina García’s] story is about three generations of Cuban women and their separate responses to the revolution. Her special feat is to tell it in a style as warm and gentle as the ‘sustaining aromas of vanilla and almond,’ as rhythmic as the music of Beny Moré.”—Time Cristina García’s acclaimed book is the haunting, bittersweet story of a family experiencing a country’s revolution and the revelations that follow. The lives of Celia del Pino and her husband, daughters, and grandchildren mirror the magical realism of Cuba itself, a landscape of beauty and poverty, idealism and corruption. Dreaming in Cuban is “a work that possesses both the intimacy of a Chekov story and the hallucinatory magic of a novel by Gabriel García Márquez” (The New York Times). In celebration of the twenty-fifth anniversary of the novel’s original publication, this edition features a new introduction by the author. Praise for Dreaming in Cuban “Remarkable . . . an intricate weaving of dramatic events with the supernatural and the cosmic . . . evocative and lush.”—San Francisco Chronicle “Captures the pain, the distance, the frustrations and the dreams of these family dramas with a vivid, poetic prose.”—The Washington Post “Brilliant . . . With tremendous skill, passion and humor, García just may have written the definitive story of Cuban exiles and some of those they left behind.”—The Denver Post

**The History of the English Church and People** Saint Bede (the Venerable), 2005

**The Way to Rainy Mountain** N. Scott Momaday, 1976-09-01 First published in paperback by UNM Press in 1976, The Way to Rainy Mountain has sold over 200,000 copies. The paperback edition of The Way to Rainy Mountain was first published twenty-five years ago. One should not be surprised, I suppose, that it has remained vital, and immediate, for that is the nature of story. And this is particularly true of the oral tradition, which exists in a dimension of timelessness. I was first told these stories by my father when I was a child. I do not know how long they had existed before I heard them. They seem to proceed from a place of origin as old as the earth. The stories in The Way to Rainy Mountain are told in three voices. The first voice is the voice of my father, the ancestral voice, and the voice of the Kiowa oral tradition. The second is the voice of historical commentary. And the third is that of personal reminiscence, my own voice. There is a turning and returning of myth, history, and memoir throughout, a narrative wheel that is as sacred as language itself.--from the new Preface

**The Lady of Shalott** Alfred Tennyson Baron Tennyson, 1881 A narrative poem about the death of Elaine, the lily maid of Astolat.

**The Philosophy of Composition** Edgar Allan Poe, 2022-07-19 This fascinating literary essay, written by the famous

American writer and poet, Edgar Allan Poe, explores the mystique of artistic creation. By using his renowned poem 'The Raven' as an example, Poe explains how good writers write well, concluding that brevity, 'unity of effect' and a logical method are the most important factors. Taking the reader through the deliberate choices made when writing the poem, the author also discusses theme, setting, sound, and the importance of refrain. 'The Philosophy of Composition' (1846) is a perfect read for literary scholars, writers, and fans of Poe. Edgar Allan Poe (1809-1849) was an American writer, poet, editor and literary critic, best known for his gothic, macabre tales that include 'The Fall of the House of Usher', 'The Tell-Tale Heart', and 'The Murders in the Rue Morgue'. One of America's first short story writers, Poe is considered the inventor of detective fiction and a key figure in both horror and science fiction. His work had a profound impact on American and international literature and he was one of the first American writers to earn international recognition. His other notable works include 'The Raven and other Poem's', (1845) 'The Cask of Amontillado', 'The Fall of the House of Usher', and 'The Tell-Take Heart'. With many of his stories adapted for TV and screen, including the gothic 2014 film 'Stonehearst Asylum', starring Kate Beckinsale, Michael Caine, and Ben Kingsley, Poe continues to influence literature, film, and television to this day.

**Magical Mushrooms, Mischievous Molds** George W. Hudler, 2019-12-31 Mushrooms magically spew forth from the earth in the hours that follow a summer rain. Fuzzy brown molds mischievously turn forgotten peaches to slime in the kitchen fruit bowl. And in thousands of other ways, members of the kingdom Fungi do their part to make life on Earth the miracle that it is. In this lively book, George Hudler leads us on a tour of an often-overlooked group of organisms, which differ radically from both animals and plants. Along the way the author stops to ponder the marvels of nature and the impact of mere microbes on the evolution of civilization. Nature's ultimate recyclers not only save us from drowning in a sea of organic waste, but also provide us with food, drink, and a wide array of valuable medicines and industrial chemicals. Some fungi make deadly poisons and psychedelic drugs that have interesting histories in and of themselves, and Hudler weaves tales of those into his scientific account of the nature of the fungi. The role of fungi in the Irish potato famine, in the Salem Witch Trials, in the philosophical writings of Greek scholars, and in the creation of ginger snaps are just a few of the many great moments in history to grace these pages. Hudler moves so easily from discussing human history to exploring scientific knowledge, all with a sense of humor and enthusiasm, that one can well understand why he is an award-winning teacher both at Cornell University as well as nationally. Few, for instance, who read his invitation to get out of your chair and take a short walk will ever again look without curiosity and admiration at the rotten part of the world around them. *Magical Mushrooms, Mischievous Molds* is full of information that will satisfy history buffs, science enthusiasts, and anyone interested in nature's miracles. Everyone in Hudler's audience will develop a new appreciation of the debt they owe to the molds for such common products as penicillin, wine, and bread.

*Lakeland*: Lakeland Community Heritage Project Inc., 2012-09-18 Lakeland, the historical African American community of College Park, was formed around 1890 on the doorstep of the Maryland Agricultural College, now the University of

Maryland, in northern Prince George's County. Located less than 10 miles from Washington, D.C., the community began when the area was largely rural and overwhelmingly populated by European Americans. Lakeland is one of several small, African American communities along the U.S. Route 1 corridor between Washington, D.C., and Laurel, Maryland. With Lakeland's central geographic location and easy access to train and trolley transportation, it became a natural gathering place for African American social and recreational activities, and it thrived until its self-contained uniqueness was undermined by the federal government's urban renewal program and by societal change. The story of Lakeland is the tale of a community that was established and flourished in a segregated society and developed its own institutions and traditions, including the area's only high school for African Americans, built in 1928.
