Thieves of State: Why Corruption Threatens Global Security Sarah Chayes, 2015-01-19 Winner of the 2015 Los Angeles Times Book Prize for Current Interest. I can't imagine a more important book for our time. —Sebastian Junger The world is blowing up. Every day a new blaze seems to ignite: the bloody implosion of Iraq and Syria; the East-West standoff in Ukraine; abducted schoolgirls in Nigeria. Is there some thread tying these frightening international security crises together? In a riveting account that weaves history with fast-moving reportage and insider accounts from the Afghanistan war, Sarah Chayes identifies the unexpected link: corruption. Since the late 1990s, corruption has reached such an extent that some governments resemble glorified criminal gangs, bent solely on their own enrichment. These kleptocrats drive indignant populations to extremes—ranging from revolution to militant puritanical religion. Chayes plunges readers into some of the most venal environments on earth and examines what emerges: Afghans returning to the Taliban, Egyptians overthrowing the Mubarak government (but also redesigning Al-Qaeda), and Nigerians embracing both radical evangelical Christianity and the Islamist terror group Boko Haram. In many such places, rigid moral codes are put forth as an antidote to the collapse of public integrity. The pattern, moreover, pervades history. Through deep archival research, Chayes reveals that canonical political thinkers such as John Locke and Machiavelli, as well as the great medieval Islamic statesman Nizam al-Mulk, all named corruption as a threat to the realm. In a thrilling argument connecting the Protestant Reformation to the Arab Spring, *Thieves of State* presents a powerful new way to understand global extremism. And it makes a compelling case that we must confront corruption, for it is a cause—not a result—of global instability.

Bring Down the Walls C. Dagher,2002-01-04 Lebanon is more than a country, it is a message': these words of Pope John Paul II illustrate Lebanon's post-war endeavor to preserve its age-old Christian-Muslim coexistence and power-sharing formula and to invalidate Samuel Huntington's assumption of a 'Clash of Civilizations.' Lebanon's current challenge is also the challenge of a whole region, the Middle East, where the fate of minorities, including Eastern Christians, reveals the prospects of democracy, pluralism and political participation. Carole H. Dagher, a journalist for Lebanese media as well as an academic, presents an insightful account on how Christian and Muslim communities emerged from the sixteen year-old Lebanese war, what their points of friction and their common grounds are, and what the prospects of Lebanon's communal representation system and pluralistic society are. She describes the central role played by the Holy See and John Paul II in bridging the gap between Christians and Muslims in Lebanon, and analyzes the impact other countries such as Syria, Iran and Saudi Arabia have had on the power game and, conversely, the impact of Christian-Muslim interaction on the future of the Arab-Israeli peace process. *Bring Down the Walls* draws crucial lessons from the recent history of Christian-Muslim relations in Lebanon.
