**The Mystery of Marriage: A Theology of the Body and the Sacrament** Perry J. Cahall, 2014-12-01 This remarkable study offers a comprehensive explanation of the Catholic Church's teaching on the sacrament of marriage. **Preaching in the Patristic Era**, 2018-05-29 Preaching in the Patristic Era. Sermons, Preachers, Audiences in the Latin West offers an introduction to the field of Latin patristic preaching with attention both to general topics and individual preachers and collections of sermons.

**Historical Theology Made Easy** C. Matthew McMahon, 2012-09-05 This work on historical theology follows key Christian beliefs chronologically discussing the most important movements and doctrinal developments for theology according to their historical appearance. Historical Theology Made Easy offers students of the Bible the opportunity to study the historical development of theology according to God's providence throughout the history of the Christian church. This approach allows readers to concentrate practically on the development of Christian teachings and their formulation in the early church, through the Middle Ages, Reformation, post-Reformation and into the modern period. This book includes key primary sources citing quotes from Irenaeus, Augustine, Aquinas, Luther, Calvin, the Puritans and others. It makes historical theology, which is often overwhelming, easy to follow.

**Outlines of Lectures on the History of Philosophy** John Jay Elmendorf, 1876

**The Wiley Blackwell Companion to Patristics** Ken Parry, 2019-01-04 This comprehensive volume brings together a team of distinguished scholars to create a wide-ranging introduction to patristic authors and their contributions to not only theology and spirituality, but to philosophy, ecclesiology, linguistics, hagiography, liturgics, homiletics, iconology, and other fields. Challenges accepted definitions of patristics and the patristic period – in particular questioning the Western framework in which the field has traditionally been constructed Includes the work of authors who wrote in languages other than Latin and Greek, including those within the Coptic, Armenian, Syriac, and Arabic Christian traditions Examines the reception history of prominent as well as lesser-known figures, debating the role of each, and exploring why many have undergone periods of revived interest Offers synthetic accounts of a number of topics central to patristic studies, including

scripture, scholasticism, and the Reformation Demonstrates the continuing role of these writings in enriching and inspiring our understanding of Christianity

**The Irrevocable Call of God** Richard H. Bell, 2005 Richard Bell examines the impact of Paul's life changing experience before Damascus on his theological understanding of Israel. The book considers the development of Paul's view concerning the election and salvation of Israel, paying special attention to 1 Thessalonians, Galatians and Romans. The author examines Paul's critique of Israel's religion in the light of traditional protestant approaches and the 'new perspective'. The work concludes by considering some contemporary issues relating to Israel in the light of Paul's theology.--BOOK JACKET.

**The Rise of Christian Theology and the End of Ancient Metaphysics** Johannes Zachhuber, 2020-05-28 It has rarely been recognized that the Christian writers of the first millennium pursued an ambitious and exciting philosophical project alongside their engagement in the doctrinal controversies of their age. *The Rise of Christian Theology and the End of Ancient Metaphysics* offers, for the first time, a full analysis of this Patristic philosophy. It shows how it took its distinctive shape in the late fourth century and gives an account of its subsequent development until the time of John of Damascus. The book falls into three main parts. The first starts with an analysis of the philosophical project underlying the teaching of the Cappadocian fathers, Basil of Caesarea, Gregory of Nyssa and Gregory of Nazianzus. This philosophy, arguably the first distinctively Christian theory of being, soon became near-universally shared in Eastern Christianity. Just a few decades after the Cappadocians, all sides in the early Christological controversy took its fundamental tenets for granted. Its application to the Christological problem thus appeared inevitable. Yet it created substantial conceptual problems. Parts two and three describe in detail how these problems led to a series of increasingly radical modifications of the Cappadocian philosophy. In part two, Zachhuber explores the miaphysite opponents of the Council of Chalcedon, while in part three he discusses the defenders of the Council from the early sixth to the eighth century. Through this overview, the book reveals this period as one of remarkable philosophical creativity, fecundity, and innovation.

*Ecclesiology and Theosis in the Gospel of John* Andrew J. Byers, 2017-06-16 John's Gospel directs attention to the vision of community. Andrew Byers argues that ecclesiology is as central a Johannine concern as Christology.

Saint Thomas the Apostle: New Testament, Apocrypha, and Historical Traditions Johnson Thomaskutty, 2018-02-22 Are the Thomas references in the Gospel of John, the Thomas compositions, and the early Thomas traditions in northwestern and southern India purely legendary as biblical scholars have assumed or do they preserve unexamined historical traditions intermittently as the Thomas Christians in India have believed? Didymus Judas Thomas is one of the most misunderstood characters from the beginning of the New Testament history and interpretation. In this study, Thomaskutty addresses the following questions: whether Thomas was merely a 'doubting Thomas' or a 'genuine Thomas'? Can we understand Thomas comprehensively by bringing the New Testament, apocrypha, and historical traditions together? How was Thomas connected

to eastern Christianity and how does the Thomas literature support/not support this connectivity? Can we understand the Thomas traditions related to Judea, Syria, and India with the help of canonical, extra canonical, and traditio-historical documents? Thomaskutty investigates the development of the Thomas literature right from the beginning, examining and questioning the approaches and methodologies that have been employed in interpreting these documents, and analyzes the Thomas literature closely in order to understand the character, his mission involvements, and the possible implications this may have for understanding early Christianity in the east.

**The Church** Frederick J. Cwiekowski, 2018-04-23 The historical context in which theological understandings have developed play an important role in our understanding of the modern church. In this book, Sulpician priest and scholar Frederick J. Cwiekowski traces the theology of the church, beginning with the community of disciples during Jesus' ministry and the New Testament era. He continues through the various periods of history, highlighting events from both the East and West, including the remarkable developments surrounding the Second Vatican Council, the post-conciliar period, and today's pontificate of Pope Francis. With this book, intended for general readers and students of theology, Cwiekowski hopes to promote an appreciation of the mystery that is the church.

**A Theology for the Church** Dr. Daniel L. Akin, 2014-06-01 The revised edition of A Theology for the Church retains its original structure, organized under these traditional theological categories: revelation, God, humanity, Christ, the Holy Spirit, salvation, the church, and last things. Each chapter within these sections contains answers to the following four questions: What does the Bible say? What has the church believed? How does it all fit together? How does this doctrine impact the church today? Contributions from leading Baptist thinkers R. Albert Mohler, Jr., Paige Patterson, and Mark Dever among others will also appeal to the broader evangelical community. Included in this revision are new chapters on theological method from a missional perspective (Bruce Ashford and Keith Whitfield) and theology of creation, providence, and Sabbath that engages current research in science and philosophy (Chad Owen Brand). Chapters on special revelation (David Dockery) and human nature (John Hammett) have also been updated.

**The Celebration of Eucharist** Enrico Mazza, 2016-03-24 Eucharistic liturgy has differed through the centuries and in different Churches. Because of these differences, it is essential that eucharistic liturgy be studied from a historical perspective. In The Celebration of the Eucharist, Enrico Mazza offers a thorough account of the theology of the Eucharist and presents a historical analysis of the origin and variety of eucharistic liturgies and their development in the Church. Beginning with the Last Supper, Father Mazza weaves his way through interpretations elaborated by the Fathers of the Church and medieval writers to provide the rich tapestry of concepts and categories adopted by Vatican Council II. Complete with an appendix including Jewish texts and early Eucharistic Prayers, abbreviations, bibliography, and notes, The Celebration of the Eucharist is a comprehensive source for those who have an interest in the theology of the Eucharist in the course of history.

Chapters are Old Testament Sacrifices and Ritual Meal, The Origin of the Christian Eucharist, From the Jewish Liturgy to the Christian Eucharist, Primitive Anaphoras: From the Didache to the Mystical Eucharist, Primitive Anaphoras: Developments of the Eucharistic Liturgy, Thematic Developments in the Eucharistic Liturgy, The Early Patristic Period, Tertullian and Cyprian, The Fourth Century, The Early Middle Ages, The Scholastic High Middle Ages, The Eucharist and the Relics of the Saints, The Reformation and the Council of Trent, The Liturgical Reform of Vatican Council II, The Implementation of the Liturgical Reform, The Parts of the Eucharistic Prayer, and The Last Supper and the Church's Eucharist. Enrico Mazza is professor of liturgical history at the Università Cattolica del Sacro Cuore in Milan. He is the author of *Mystagogy: A Theology of Liturgy in the Patristic Ages*, *Eucharistic Prayers of the Roman Rite*, and *The Origins of the Eucharistic Prayer* published by The Liturgical Press.

**The Great Beyond** Richard Bradbury, 2018-08-02 Society is waking up to the notion that equality between the sexes extends beyond words and into action. This means equal pay for doing the same job regardless of gender. It means equal opportunities to study and progress in any career regardless of any preconceptions concerning whether the job is 'appropriate' for a person. This new awakening is beginning to open up new vistas of possibility and we are seeing women entering and thriving in areas that were previously male strongholds such as football and engineering. On theological grounds, the church is instinctively conservative because it is supposed to uphold God's standards rather than be influenced by the world. That has meant that leadership has remained largely male, particularly in the evangelical sectors of the church. Whilst we have seen some of the more traditional denominations open the way for women to become priests, bishops, moderators, etc., the evangelical church has largely clung to an ideal of male leadership. In this book, Richard Bradbury challenges the position of the evangelical church, and in particular the New Churches with respect to female leadership. Arguing from the basis of Biblical exegesis, as well as sociological evidence, he presents a compelling case for allowing and enabling women to rise up into their God-given gifting and calling without any restrictions. The Cambridge History of Later Medieval Philosophy Norman Kretzmann, Anthony Kenny, Jan Pinborg, 1982 A history of philosophy from 1100-1600 concentrating on the Aristotelian tradition in the Latin Christian West. will long remain the major guide to later medieval philosophy and related topics. Most of the essays are exciting and challenging, some of them truly brilliant. --Speculum

Historical Theology for the Church Jason G. Duesing, Nathan A. Finn, 2021-02-15 In *Historical Theology for the Church*, editors Jason Duesing and Nathan Finn bring together top contributors to survey key doctrinal developments in every era of church history. They not only trace the development of various doctrines within historical congregations; they also provide a resource for contemporary congregations. Steered by the conviction that historical theology serves the church both local and

global, each chapter concludes with an application section that clarifies the connection between the historical doctrine being covered and the Christian church today.

Has the Church Replaced Israel? Michael J. Vlach, 2010-10-01 The relationship between Israel and the Church continues to be a controversial topic led by this question: Does the church replace, supersede, or fulfill the nation of Israel in God's plan, or will Israel be saved and restored with a unique identity and role? In *Has the Church Replaced Israel?*, author Michael J. Vlach evaluates the doctrine of replacement theology (also known as supersessionism) down through history but ultimately argues in favor of the nonsupersessionist position. Thoroughly vetting the most important hermeneutical and theological issues related to the Israel/church relationship, Vlach explains why, there are compelling scriptural reasons in both testaments to believe in a future salvation and restoration of the nation Israel.

*The primitive Cistercian breviary* Catholic Church, Chrysogonus Waddell, 2007

The Oxford Handbook of Sacramental Theology Hans Boersma, Matthew Levering, 2015 As a multi-faceted introduction to sacramental theology, the purposes of this Handbook are threefold: historical, ecumenical, and missional. The forty-four chapters are organized into the following parts five parts: Sacramental Roots in Scripture, Patristic Sacramental Theology, Medieval Sacramental Theology, From the Reformation through Today, and Philosophical and Theological Issues in Sacramental Doctrine. Contributors to this Handbook explain the diverse ways that believers have construed the sacraments, both in inspired Scripture and in the history of the Church's practice. In Scripture and the early Church, Orthodox, Protestants, and Catholics all find evidence that the first Christian communities celebrated and taught about the sacraments in a manner that Orthodox, Protestants, and Catholics today affirm as the foundation of their own faith and practice. Thus, for those who want to understand what has been taught about the sacraments in Scripture and across the generations by the major thinkers of the various Christian traditions, this Handbook provides an introduction. As the divisions in Christian sacramental understanding and practice are certainly evident in this Handbook, it is not thereby without ecumenical and missional value. This book evidences that the story of the Christian sacraments is, despite divisions in interpretation and practice, one of tremendous hope.

**Biblical Theological Investigations into the Righteousness of God** Albert J. Coetsee, Francois P. Viljoen, 2024-03-19 Scripture reveals that God has various attributes. One of the attributes that Scripture frequently refers to is God's righteousness. The attribute of God's righteousness enjoys a lot of scholarly attention in systematic theologies. Fewer studies, however, are devoted to investigating God's righteousness from a Biblical Theological perspective. This is exactly what this publication does: it provides a number of Biblical Theological investigations into the attribute of God's righteousness by investigating specific verses, chapters, and corpora from Scripture, and indicates how these portray God's righteousness as part of the developing, unfolding, and progressive storyline of the text. This includes research on topics that

have not been adequately explored in the past. The chapters contained in this volume are written by Old and New Testament scholars, and the target audience is fellow Old and New Testament scholars and scholars interested in God's attributes.

*The Christian Theological Tradition* Mark McInroy, Michael J. Hollerich, 2019-07-26 The fourth edition of *The Christian Theological Tradition* provides students with essential theological knowledge of key persons and events of the Bible and the Christian faith, and of Christianity's multifaceted encounter with Western culture. Historically arranged, the textbook addresses major theological themes such as revelation, God, Jesus Christ, Creation, salvation, and the church. The textbook deals with the entire Christian tradition from an orientation that is both Catholic and ecumenical, with the fourth edition including expanded coverage of modern Protestant Christianity. The *Christian Theological Tradition* has been thoroughly revised and updated with nine new or rewritten chapters, including: A new section on the reception of the Second Vatican Council, including the pontificate of Pope Francis. A new treatment of contemporary developments in liberation and environmental theology. A new examination of the relationship between science and Christianity. An entirely rewritten treatment of Islam that focuses on the ways in which the Christian tradition has historically understood and responded to Islam. A new discussion of the New Atheism, with theological responses to this influential movement. New textboxes on aspects of religious life, such as liturgy, prayer, art, moral teaching, and social institutions, appropriate to given chapters. With the assistance of images and maps, key words, and recommended reading, this textbook outlines the methods for Christian theology and demonstrates the relevance of the Christian theological tradition for our contemporary world. This is an ideal resource for students of theology, biblical studies, or religious studies, and anyone wanting an accessible and comprehensive introduction to the Christian theological tradition.
